Rethinking Gender in Development Practice 2024-07-12 rethinking gender in development practice is about the ways in which issues of gender including violence against women and girls entrenched gender roles and expectations the exclusion of non binary genders and the participation of disempowered genders affect and are affected by development practice this volume which pulls together papers from development in practice provides accounts from researchers and practitioners working with women in countries from africa to the pacific the book offers a global perspective but with the inclusion of local voices on the way gender can impact daily living in the global south this book includes groundbreaking articles by some of development studies most well known scholars which are interspersed with more recent publications that address urgent issues of gender in development practice targeted at development practitioners and academics from across the world this book reveals the plight of those from the global south who do not identify as men and offers examples of how ngos targeted programs enhanced participation in decision making processes and the interrogation of established discourse on gender can assist in transforming lives

International Community Development Practice 2021-11-25 international community development practice provides readers with practice based examples of good community development demonstrating its value for strengthening people power and improving the effectiveness of development agencies whether these be governmental non governmental or private sector the chapters focus upon the making of the community development profession and the eight core competences required of the professional practitioner as outlined by the international association for community development iacd whatever their job title or host agency in order to be able to undertake community development these are concerned with the ability of the practitioner to put ethics and values into practice engage with communities ensure participatory planning organize for change support learning for change promote diversity and inclusion build leadership and infrastructure develop and improve policy and practice from a policy perspective the book will reassert the role of community development approaches as related to a wide variety of global challenges including poverty amelioration climate change human rights peace building and social environmental political and economic development from a practice perspective the book will reassert the importance of high levels of professional competence building upon decades of experience in the field around the world by development practitioners working in community work social work health adult education environmental protection local economic development urban design cultural work and other disciplines concerned to support effective community development

International Development 2017-04-24 how can we lay the foundation for a more just and peaceful world how can we prevent communications from fracturing and societies from tearing themselves apart how should we prioritise economic social and cultural demands for resources and opportunities this book answers these questions and presents a view of development in practice written by experts in the field the book covers a range of contemporary developments as well as providing coverage of the theory and practice of international development the book covers a range of

contemporary topics such as global security new technologies ethics and learning and participation has chapters on global health and development in practice environmentally sustainable development in practice and corruption and development features learning objectives summaries reading lists and questions for discussion works as a practice driven text packed with case studies global in perspective and full of everything you need to know this is your go to book for your studies in international development

Theory, Practice, and Community Development 2013-06-19 for many scholars the study of community and community development is at a crossroads previously dynamic theories appear not to have kept pace with the major social changes of our day given our constantly shifting social reality we need new ideas and research that pushes the boundaries of our extant community theories theory practice and community development stretches the traditional boundaries and applications of well established community development theory and establishes new theoretical approaches rooted in new disciplines and new perspectives on community development expanded from a special issue of the journal community development theory practice and community development collects previously published and widely cited essays as well as new theoretical and empirical research in community development compiled by the editors of community development the essays feature topics as varied as placemaking democratic theory and rural organizing theory practice and community development is vital for scholars and practitioners coming to grips with the rapidly changing definition of community

Strategic Environmental Assessment in Development Practice A Review of Recent Experience 2012-02-14 this publication presents the nine most interesting case studies of strategic environmental assessment in progress

Development Practice of Digital Business Environment in China 2022-02-10 this book gives an in depth research on digital business environment as well as its indicators analysis by means of collecting huge data and cases in china additionally it is on the first try to apply bibliometric method to business environment literature review the main contents of this book contain the research on the connotation and evaluation indicator system of digital business environment and a series of excellent practices in improving the business environment in china in the aspects of digital infrastructure construction digital market order digital security digital government application digital literacy and innovation etc the expected readers are scholars who study business environment related topics groups interested in digital business environment businessmen and officials the most significant features of this book lie in its novel topics and detailed cases which can help readers to have a more comprehensive and in depth understanding of china s digital business environment construction

Theory and Practice of Dialogical Community Development 2013-07-18 this book proposes that community development has been increasingly influenced and co opted by a modernist soulless rational philosophy reducing it to a shallow technique for solving community problems in contrast this dialogical approach re maps the ground of community development practice within a frame of ideas such as dialogue

hospitality and depth for the first time community development practitioners are provided with an accessible understanding of dialogue and its relevance to their practice exploring the contributions of internationally significant thinkers such as p freire m buber d bohm and h g gadamer j derrida g esteva and r sennett what makes the book distinctive is that first it identifies a dialogical tradition of community development and considers how such a tradition shapes practice within contemporary contexts and concerns economic social political cultural and ecological second the book contrasts such an approach with technical and instrumental approaches to development that fail to take complex systems seriously third the approach links theory to practice through a combination of storytelling and theory reflection ensuring that readers are drawn into a practice theory that they feel increasingly confident has been tried and tested in the world over the past 25 years

Learning and Development Practice in the Workplace 2019-11-03 learning and development practice in the workplace is the ideal textbook for anyone studying cipd l d qualifications and apprenticeships at level 3 or level 5 as well as for practitioners new to an l d role this book covers what is required of an l d professional and how to meet and exceed these expectations how to align l d activity with organisational strategy and crucially how to identify learning needs and design effective l d practice this new edition of learning and development practice in the workplace has been fully updated reflecting the new cipd profession map and now has dedicated chapters on the different approaches to learning delivery including face to face training and facilitation technology based learning coaching mentoring and social and collaborative learning there is also expert guidance on learner engagement including insights from neuroscience and psychology as well as advice on evaluating the impact of l d with case studies activities and examples throughout this new edition is an indispensable guide for students and new practitioners alike online supporting resources include lecture slides annotated web links and self test questions

economics human rights social development cultural studies and anthropology
50 Years of Community Development Vol II 2021-05-13 this 50th anniversary publication provides a comprehensive history of community development beginning in 1970 with the advent of the community development society and its journal shortly thereafter community development the editors have placed the chapters in major themed areas or issues pertinent to both research and practice of community development the evolution of community development as an area of scholarship and application and the subsequent founding of the discipline is vital to capture at the 50 year mark it is particularly relevant to revisit issues that reoccur throughout the last five decades and look at approaches to addressing them these include issues and themes around equity and inclusion collective impact leadership and policy development as well as resilience and sustainability community change over time has much to teach us and this set will provide a foundation for fostering understanding of the history of community development and its focus on community change the chapters in this book were originally published in the journal community development
Practice Development in Nursing 2008-04-30 practice development depends on understanding current research and practice in order to improve healthcare for patients and users practice development in nursing explores the basis of practice development its aims implementation and impact on health care and goes on to propose a conceptual basis for developing practice it is aimed at practitioners managers and educators as well as those with a primary practice development role in order to enable them to effectively develop practice

Product Development Practices and Their Organisational Information

Requirements 2003 the fundamental aim of youth work is to build trusting and mutually respectful relationships with young people creating transformative experiences for young people in formal and informal spaces outside of homes and schools these complex and multidimensional situations mean that the day to day work of youth workers is full of dilemmas pitting moral developmental motivational organizational and other concerns against each other by showing how different youth workers respond to a variety of such dilemmas this authentic text makes visible youth workers unique knowledge and skills and explores how to work with challenging situations from the everyday to the extraordinary beginning by setting out a framework for dilemma resolution it includes a number of narrative based chapters in which youth workers describe and reflect on dilemmas they have faced the knowledge and experiences they brought to bear on them and alternative paths they could have taken each chapter closes with a discussion from the literature about themes raised in the chapter an analysis of dilemma and a set of overarching discussion questions designed to have readers compare and contrast the cases consider what they would do in the situation and reflect on their own practice teaching us a great deal about the norms conventions continuities and discontinuities of youth work this practical book reveals essential dimensions of the profession and contributes to a practice based theoretical foundation of youth work

Dilemmas in Youth Work and Youth Development Practice 2015-07-24 this book focuses on the analysis of transportation economics development with spatiotemporal

characteristics in both theory and practice the comprehensive and general theory development practical transportation events and policy implications are addressed the book pursues three main objectives firstly to structurally describe the overall spatiotemporal transportation theory development secondly to break down transportation elements and transportation modes into railway highway water civil aviation pipeline and urban transportation for the purposes of in depth professional analysis and thirdly to summarize transportation trends including car hailing shared bicycles etc in china to reveal their policy implications

Spatiotemporal Transportation Economics Development: Theories and

Practices in China and Beyond 2022-01-09 this book illuminates the intersection of religion and gender within the development sector exposing challenges in both policy and practice and suggesting implementable solutions this book argues that a better understanding of the religion gender nexus is needed by development sector practitioners especially at a time when religious arguments are being used around the world to justify gender inequality and violence against women the book draws on extensive qualitative research with senior gender personnel religion advisors and implementation partners from across the largest bilateral development agencies the nexus is considered from the grassroots level up to donor country politics and across key themes such as gender based violence reproductive rights unpaid care and domestic work and women s participation in leadership roles the book concludes by offering implementable solutions for practitioners to address the religion gender nexus in a more meaningful way bridging the gap between academic theory and day to day development practice this book is an important reference for development practitioners and for researchers from across development studies gender studies and religious studies

The Religion-Gender Nexus in Development 2021-07-28 how do we create employment grow businesses and build greater economic resilience in our low income communities how do we create economic development for everyone everywhere including rural towns inner city neighborhoods aging suburbs and regions such as appalachia american indian reservations the mexican border and the mississippi delta and not just in elite communities economic development for everyone collects organizes and reviews much of the current research available on creating economic development in low income communities part i offers an overview of the harsh realities facing low income communities in the us today their many economic and social challenges debates on whether to try reviving local economies vs relocating residents and current trends in economic development that emphasize high tech industry and high levels of human capital part ii organizes the sprawling literature of applied economic development research into a practical framework of five dynamic dimensions empower your residents begin with basic education enhance your community build on existing assets encourage your entrepreneurs diversify your economy and sustain your development this book assembled and presented in a unified framework will be invaluable for students and new researchers of economic development in low income communities and will offer new perspectives for established researchers professional economic developers and planners and public

officials development practitioners and community leaders will also find new ideas and opportunities along with a broad view on how the many complex parts of economic development interconnect

Economic Development for Everyone 2017-05-09 non governmental organizations ngos are high profile actors in the field of international development both as providers of services to vulnerable individuals and communities and as campaigning policy advocates this book provides a critical introduction to the wide ranging topic of ngos and development written by two authors with more than twenty years experience of research and practice in the field the book combines a critical overview of the main research literature with a set of up to date theoretical and practical insights drawn from experience in asia europe africa and elsewhere it highlights the importance of ngos in development but it also engages fully with the criticisms that the increased profile of ngos in development now attracts non governmental organizations and development begins with a discussion of the wide diversity of ngos and their roles and locates their recent rise to prominence within broader histories of struggle as well as within the ideological context of neo liberalism it then moves on to analyze how interest in ngos has both reflected and informed wider theoretical trends and debates within development studies before analyzing ngos and their practices using a broad range of short case studies of successful and unsuccessful interventions david lewis and nazneen kanji then moves on to describe the ways in which ngos are increasingly important in relation to ideas and debates about civil society globalization and the changing ideas and practices of international aid the book argues that ngos are now central to development theory and practice and are likely to remain important actors in development in the years to come in order to appreciate the issues raised by their increasing diversity and complexity the authors conclude that it is necessary to deploy a historically and theoretically informed perspective this critical overview will be useful to students of development studies at undergraduate and masters levels as well as to more general readers and practitioners the format of the book includes figures photographs and case studies as well as reader material in the form of summary points and questions despite the growing importance of the topic no single short up to date book exists that sets out the main issues in the form of a clearly written academically informed text until now

Non-Governmental Organizations and Development 2009-09-10 the profound changes that we are experiencing at the political environmental economic social and cultural levels of our postmodern society pose immense challenges to education in order to empower students to analyze reflect and take action for a sustainable world the learning and educational process must be experienced in the context of citizenship that is it must be designed planned and implemented having global sustainability as a framework thus developing societal awareness values and principles teaching and learning practices that promote sustainable development and active citizenship is an essential research book that provides comprehensive research on education as a fundamental factor in empowering citizens to understand and act on the multiple risks and challenges to the sustainability of our society and world highlighting a range of critical learning strategies such as global and critical

education development education and transformational education among others this book is ideal for academicians education professionals researchers policymakers and students

Teaching and Learning Practices That Promote Sustainable Development and Active Citizenship 2020-10-30 the book constitutes proceedings of the 12th industry symposium held in conjunction with the 18th edition of the international conference on distributed computing and intelligent technology icdcit 2022 the focus of the industry symposium is on mobile application development practice and experience this book focuses on software engineering research and practice supporting any aspects of mobile application development the book discusses findings in the areas of mobile application analysis models for generating these applications testing debugging repair localization globalization app review analytics app store mining app beyond smartphones and tablets app deployment maintenance and reliability of apps industrial case studies of automated software engineering for mobile apps etc papers included in the book describe new or improved ways to handle these aspects or address them in a more unified manner discussing benefits limitations and costs of provided solutions the volume will be useful for master research students as well as industry professionals

Mobile Application Development: Practice and Experience 2023-01-01 how do we create more economic opportunities in the low income communities of the developing world how can these communities build greater resilience against economic uncertainties natural disasters wars and the growing threats of climate change this book reviews the research literature of economic development in low income communities of the developing world from rural villages to neighborhoods in the largest cities on earth this book is unique in gathering organizing and synthesizing research on economic development at the community level across the developing world drawing from multiple disciplines publications methodologies regions and countries part i provides an overview and context of the many challenges facing the developing world today as well as the often heated debates over what development is and how to make it happen part ii reviews the extensive research literature in major fields of community economic development including education and human capital overcoming the curse of natural resources entrepreneurship and micro finance tourism and sustainability the audience includes undergraduate students interested in development and sustainability graduate students and other young researchers in a wide range of disciplines who are finding their own focuses and established researchers who wish to expand their agendas an expanded bibliography accompanies the book as a downloadable supplement

Economic Development at the Community Level 2020-11-22 each number is the catalogue of a specific school or college of the university

University of Michigan Official Publication 1974 community development for social change provides a comprehensive introduction to the theory and practice of community development and associated activities discusses best practice from global experience and links that to the uk context the book integrates the realities of practice to key underpinning theories human rights values and a commitment to

promoting social justice a range of practice models are described and analysed including uk models popular education and community organising as well as a range of practice issues that need to be understood by community development workers for example strategies to promote individual and community empowerment challenging discrimination building and sustaining groups and critical reflection on practice finally a range of case studies from the uk and overseas illustrates good practice in diverse contexts these case studies are analysed with reference to the values of community development the promotion of social justice and the underpinning theories it is an essential text for those on community development courses as well as for a range of workers including local government national and local voluntary agencies and community based organisations

Community Development for Social Change 2020-03-04 in recent years human rights have assumed a central position in the discourse surrounding international development while human rights agencies have begun to more systematically address economic and social rights this edited volume brings together distinguished scholars to explore the merging of human rights and development agendas at local national and international levels they examine how this merging affects organisational change operational change and the role of relevant actors in bringing about change with a focus on practice and policy rather than pure theory the volume also addresses broader questions such as what human rights and development can learn from one another and whether the connections between the two fields are increasing or declining the book is structured in three sections part i looks at approaches that combine human rights and development including chapters on drivers of change indicators donor and legal empowerment of the poor part ii focuses on organisational contexts and includes chapters on the un at the country level eu development cooperation plan s children s rights based approach and actionaid s human rights based approach part iii examines country contexts including chapters on the ilo in various settings the congo ethiopia and south africa human rights and development in the new millennium towards a theory of change will be of strong interest to students and scholars of human rights development studies political science and economics

CLEP Human Growth and Development 1995-10-27 for experienced and inexperienced researchers and practitioners alike this engaging book opens up new

perspectives on conducting fieldwork in the global south following an inter disciplinary and inter generational approach understanding global development brings into dialogue reflections on fieldwork experiences by leading scholars along with accounts from early career researchers contributions are organised around six key issues meaningful participation in fieldwork working in dangerous environments gendered experiences of fieldwork researching elites conducting fieldwork with marginalised people fieldwork in development practice the experience led discussion of each of the topics conveys a sense of what it actually feels like to be out in the field and provides readers with useful insights and practical advice a relational framework highlights issues relating to power identity and ethics in development fieldwork and encourages reflection on how researcher engagement with the field shapes our understanding of global development

Organization Development 2019-11-11 human resources and their development is a component of encyclopedia of human resources policy development and management in the global encyclopedia of life support systems eolss which is an integrated compendium of twenty one encyclopedias the theme on human resources and their development provides the essential aspects and a myriad of issues of great relevance to our world such as human resources and their development major issues in human resource development elements of planning strategies for human resource development human life systems diversity and human development human development and causes of global change consequences of global change for human resource development these two volumes are aimed at the following five major target audiences university and college students educators professional practitioners research personnel and policy analysts managers and decision makers and ngos

Understanding Global Development Research 2017-01-26 the dhammapada is a well known book in the tipitaka it is a collection of the teachings of the buddha expressed in clear pithy verses these verses were culled from various discourses given by the buddha in the course of forty five years of his teaching as he travelled in the valley of the ganges ganga and the sub mountain tract of the himalayas they are often terse witty and convincing through them the buddha exhorts one to achieve that greatest of all conquests the conquest of self to escape from the evils of craving aversion and ignorance and to strive hard to attain freedom from the round of rebirths each verse contains a truth dhamma an exhortation a piece of advice summaries of the dhammapada stories are given in the second part of the book as it is generally believed that the dhammapada commentary written by buddhaghosa 5th century ad is helpful in understanding the dhammapada three hundred and five stories are included in the commentary most of the incidents mentioned in the stories took place during the life time of the buddha in writing summaries of stories we have not tried to translate the commentary we have simply culled the facts of the stories and have rewritten them briefly a translation of the verses is given at the end of each story

Human Resources and Their Development - Volume II 2009-10-20 this book studies the theory practice and evaluation methods of international development cooperation aid and assistance management in detail from a global perspective it attempts to answer the following questions how effective are the current western aid

methods how should china optimize current international development cooperation how to effectively design an aid management system in the international community how to assess the effectiveness of aid the book contributes to studies in international development cooperation the theoretical part analyzes the main concepts viewpoints theories and disputes in current international development cooperation primarily focusing on the differences in concepts between traditional development donors and emerging donors represented by china the practical part studies the roles and importance of different subjects in international development assistance this part also explores the impact of different aid management institutions on international development cooperation the evaluation part reviews the current mainstream methods of international development assessment and uses non experimental methods of impact evaluation and randomized controlled trials rcts

The Dhammapada 2019-01-19 the scholarship of management teaching and learning has established itself as a field in its own right and this benchmark handbook is the first to provide an account of the discipline original chapters from leading international academics identify the key issues and map out where the discipline is going each chapter provides a comprehensive and critical overview of the given topic area highlights current debates and reviews the emerging research agenda chapters embrace the study of organizations as a whole the concepts of individual and collective learning the delivery of formal management education and the facilitation of management development through consideration of these themes the handbook analyzes promotes and critiques the contribution of management learning education and development to management understanding it will be an invaluable point of reference for all students and researchers interested in broadening their understanding of this exciting and dynamic new field

International Development Cooperation: Theory, Practice, And Evaluation

2023-02-27 this book provides a critical and decolonial analysis of gender and development theory and practice in religious societies through the presentation of a detailed ethnographic study of conjugal violence in ethiopia responding to recent consensus that gender mainstreaming approaches have failed to produce their intended structural changes romina istratii explains that gender and development analytical and theoretical frameworks are often constructed through western euro centric lenses ill equipped to understand gender related realities and human behaviour in non western religious contexts and knowledge systems instead istratii argues for an approach to gender sensitive research and practice which is embedded in insiders conceptual understandings as a basis to theorise about gender assess the possible gendered underpinnings of local issues and design appropriate alleviation strategies drawing on a detailed study of conjugal abuse realities and attitudes in two villages and the city of aksum in northern ethiopia she demonstrates how religious knowledge can be engaged in the design and implementation of remedial interventions this book carefully evidences the importance of integrating religious traditions and spirituality in current discussions of sustainable development in africa and speaks to researchers and practitioners of gender religion and development in africa scholars of non western christianities and ethiopian studies and domestic

violence researchers and practitioners

The SAGE Handbook of Management Learning, Education and Development

2009-05-07 this revised and updated new edition retains the clear and powerful argument which characterized the original it gives a valuable analysis of the theory and practice of sustainable development and suggests that at the start of the new millennium we should think radically about the challenge of sustainability fully revised this latest edition includes further reading chapter outlines chapter summaries and new discussion topics and explores the roots of sustainable development thinking and its evolution in the last three decades of the twentieth century the dominant ideas within mainstream sustainable development the nature and diversity of alternative ideas about sustainability the problems of environmental degradation and the environmental impacts of development strategies for building sustainability in development from above and below offering a synthesis of theoretical ideas on sustainability based on the industrialized economies of the north and the practical applied ideas in the south which tend to ignore first world theory this important text gives a clear discussion of theory and extensive practical insights drawn from africa latin america and asia

Adapting Gender and Development to Local Religious Contexts 2020-10-01

research and fieldwork in development explores both traditional and cutting edge research methods from interviews and ethnography to spatial data and digital methods each chapter provides the reader with an understanding of the theoretical basis of research methods reflects upon their practice and outlines appropriate analysis techniques the text also provides a cutting edge focus on the role of new media and technologies in conducting research the final chapters return to a set of broader concerns in development research providing a new and dynamic set of engagements with ethics and risk in fieldwork integrating methods and engaging development research methods with knowledge exchange practices each chapter is supported by several case studies written by global experts within the field documenting encounters and experiences and linking theory to practice each chapter is also complimented by an end of chapter summary suggestions for further reading and websites and questions for further reflection and practice the text critically locates development research within the field of international development to give an accessible and comprehensive introduction to development research methods this book provides an invaluable overview to the practice of international development research and serves as an essential resource for undergraduate and postgraduate student embarking of development fieldwork it is supported by online resources including extended bibliographies for each chapter example risk and ethic forms example policy briefing notes research reports links to websites and data sources

Green Development 2001 this book offers a critical insight into how the study of ngos can be more theoretically grounded and methodologically creative the role of ngos in global development has been the focus of considerable research and scholarship for the last four decades more recently scholars and ngo practitioners have begun to explore their relationships and how research can better inform practice and vice versa this book addresses questions arising from such research including how

different theoretical perspectives can be applied to the study of ngos what kinds of data can be used when trying to better understand ngos and what methods can be used in studying ngos rather than evaluating the impact of ngo work this is a book about how researchers and practitioners can better understand what ngos do and how they operate bringing together work from a range of ngo researchers working across diverse disciplines and at varied stages of their academic careers the collection is supported by recent case studies in the field as well as dilemma boxes and discussion questions in every chapter as such researching development ngos is an essential resource for postgraduate students of research methods in development studies ngos and development management as well as practitioners wanting to find out more about the sector

Research and Fieldwork in Development 2014-12-08 en corlett joint chairman coped university of nottingham nottingham uk the contributions offered to this third national conference demonstrate that research in production is very much alive the considerable numbers of papers on robotics automation and flexible manufacturing systems together with those in production control and quality matters demonstrate that there is much work going on in our colleges polytechnics and universities related to modern methods of manufacture the future of manufacture undoubtedly hinges on better control control over the supply and movement of materials is now keenly sought control over manufacturing equipment is also a goal not just to maintain quality but to give flexibility in sequence and quantity none of these objectives for improved performance is entirely a technical matter although there is an increasing technical ability to influence all of them to achieve their potential they depend on competent people at all levels discussion with alert managers soon reveals that this is one of their major concerns either the people they have require more training or they cannot hire the people with the abilities they need this applies at all levels and the availability of people with competence in manufacture is particularly low

Researching Development NGOs 2023-05-23 with the emphasis on market led development initiatives sustainable urbanization is a challenge especially in growing nations regional administrative efforts are crucial for cities to meet the planned city operations and specific targets and objectives the handbook of research on urban governance and management in the developing world is a research publication that explores contemporary issues in regional political and administrative practices and key challenges in implementing these strategies in growing nations featuring coverage on a wide range of topics such as urban and regional economics supply chain management and environmental concerns this book is geared toward city development planners policy makers researchers academics and students seeking current and relevant research on the regional bureaucracy and its practices and how they affect growing nations

Advances in Manufacturing Technology II 2013-11-21 calls into question the very universal unquestioned assumptions about globalization development and environmental change that undergird much of development and economic policy compels the reader to question conventional wisdom and explores alternative ways of achieving meaningful enduring improvements to human well being

Handbook of Research on Urban Governance and Management in the Developing World 2018-05-09 career development as a partner in nation building australia details the valuable historical place of career development in contributing to the broad growth of australian society it challenges policy makers and practitioners to provide a more sustained national systemic approach
