How did our earliest beliefs form? What were they and what do they say about us? Tardigrade Tom takes our characters on a historical journey of world religions from the earliest humans who believed everything around them—trees, rocks, skies—could think and feel like they could. To deep inside dark caves where early humans draw animal spirits on the walls and watch shamans sway illuminated by nearby fires, watch us build amazing temples and tombs and give offerings and praise as we learn ideas of reciprocity and trade.
