2008

this book discusses misunderstandings related to the scientific method of creative problem solving and decision making the author has conducted extensive research in this field for more than 15 years and shows that the misunderstandings have created great harms in the educational field and in most other fields this book will be important reading for all those interested in better education better thinking and a better society

End the Biggest Educational and Intellectual Blunder in History

2005

exquisitely written and structurally bold a deeply impressive novel eva dolan author of this is how it ends arthur and gwen married young twenty years on gwen's got it all wealth beauty a famous husband who's the founder of britain's most successful tech company stables full of horses millions of followers on instagram an unstable lover a wayward son a hoard of secrets an aching heart and a cyberstalking blackmailer who calls himself the invisible knight as the wiltshire town of abury prepares to celebrate the fortieth birthday of its favourite son morgan gwen's former best friend is on her way back to abury after two decades away keen to expose abury's long buried secrets and hellbent on revenge an inventive magisterial reworking of britain's greatest myth bliss blunder is a heartrending novel of power friendship and betrayal

Bliss & Blunder

2023-08-03

in 2001 the exciting but enigmatic 4th century coptic matthew text codex schøyen was introduced as an alternative non canonical matthew in this book james m leonard refutes these sensational claims through fresh methodological approaches and easily accessible analysis leonard reveals that the underlying greek text is one of great quality and that codex schøyen can contribute to the identification of the earliest attainable text but only with due concern for translational interference leonard shows how codex schøyen's close alliance with codices vaticanus and sinaiticus allows triangulation of the three to help identify an earlier text form which they mutually reflect and how this impacts a dozen variant passages in matthew

Anthropology for Christian Witness

2013-08-26

the role of the expert witness has long been important in the resolution of construction disputes the specialist opinion brought by the expert can aid understanding and interpretation of the facts of the dispute and may be influential in deciding the outcome the variety of dispute resolution procedures and the requirement for the expert witness to be independent places a heavy burden on the parties to identify and instruct an appropriate expert and on the expert to ensure they discharge their duty in the correct manner the expert witness in construction explains in practical terms the way in which experts work with particular reference to the construction industry within this book the expert s role is explained in legal and practical terms as a progression from understanding the basic principles by which experts can be identified through appointment to giving evidence before a tribunal at every stage commentary is given to help and guide professionals new to the arena of expert evidence act as a resource for those already acting as experts assist party representatives looking for best practice guidance on the instruction of experts and provide parties to disputes information on what they should expect from the expert they appoint to explain the issues in the case covering all the implications of identifying appointing instructing and relying on experts it will help the reader to understand why experts are instructed in the way they are how to identify the expert that is right for a particular case and how evidence should be presented written by a practicing lawyer and a consultant with extensive experience of acting as an expert witness the requirements of both the

lawyer and expert are discussed as such it will help both parties to understand each other resulting in a closer more productive working relationship

in this accessible and provocative study brian blount reads the book of revelation through the lens of african american culture drawing correspondences between revelation s context and the long standing suffering of african americans applying the african american social political and religious experience as an interpretive cipher for the book s complicated imagery he contends that revelation is essentially a story of suffering and struggle amid oppressive assimilation he examines the language of martyr and the image of the lamb and shows that the thread of resistance to oppressive power that runs through john s hymns resonates with a parallel theme in the music of african america

why did britain go to war in iraq in 2003 existing accounts stress dodgy dossiers intelligence failures and the flaws of individual leaders deploying the large number of primary documents now available this book puts ideas at the centre of the story as the book argues britain s war in iraq was caused by bad ideas that were dogmatically held and widely accepted three ideas in particular formed the war s intellectual foundations the notion of the undeterrable fanatical rogue state the vision that the west s path to security is to break and remake states and the conceit that by paying the blood price britain could secure influence in washington dc these issues matter because although the iraq war happened fifteen years ago it is still with us as well as its severe consequences for regional and international security the ideas that powered the war persist in western security debate if all wars are fought twice first on the battlefield and the second time in memory this book enters the battle over what iraq means now and what we should learn

engaging with a critical analysis of the base and superstructure thesis regarding which a surprising number of reputed marxist thinkers betray a perpetual ambivalence by frequently deploying it in a variety of contexts but simultaneously airing various reservations about it this book proposes a radical departure from the presently predominant understanding of it the popular view of the base as comprising economics and superstructure as encompassing almost all other spheres of social life is criticised as panoramic or panoptic or the extended version to which marx s rigorously defined base of production relations and superstructure of politico legal spheres is juxtaposed revisiting marx s formulations in his famous 1859 preface described here as his purloined letters the study rehabilitates his restricted version and upholds its conceptual superiority over its extended avatar that is currently ubiquitous the substitution of marx s restricted version with the widely believed extended version of the thesis is characterised here as a blunder and this book traces the biography of this blunder through the intricate and tortuous theoretical developments that traverse a transnational and multidisciplinary territory constituting the history of marxism the last chapter argues for a paradigm shift in favour of the mode of production thesis in order to redeem the holistic vision of marx this shift is necessitated by the extenuation of the status of the base and superstructure thesis that results from the restoration of marx s restricted version this chapter grapples with the issues involved in preparing the ground for that shift it also contends that although these theoretical shifts are never formulated in a conscious and conclusive manner as is done here the best practices in marxist analyses are always inspired by the methodological implications of the mode of production thesis and for this reason the thesis is claimed to be the conceptual unconscious of marxism

Biography of a Blunder

2024-01-16

a layman muslim asked yasir qadhi what is the ruling on invoking the engraved saints awliya yasir qadhi answered him publicly saying the second opinion is the opinion that invoking the saints awliya it is haram unlawful and it is evil and evil innovation a religion's innovation a bid'ah and it is a steppingstone to shirk polytheism it is opening the doors to shirk polytheism but it is not shirk polytheism in and of itself unless that action is accompanied by a belief that you are calling out to a

god i myself am an advocate of this second position yasir qadhi s answer is false baseless misleading deceitful tricky and dishonest however the worst thing about his answer is the sad reality that as a graduate of the islamic university of madinah he was matching the argument to justify idol worship like the pagan arabs did during the prophet s s a w time the pagan arabs justified their idol worship saying we believe that allah is the creator the controller the provider the sustainer the giver of life and death and the source of every blessing regardless allah s w t still classified them as polytheists mushrikun in the quran and the prophet s a w challenged them on all fronts till they gave it up i want to ask yasir qadhi what is the difference between the pagan arabs at the prophet s s a w time and today s grave worshipers first let me point out two major similarities the pagan arabs acknowledged allah s s w t lordship rububiyah today s grave worshipers also acknowledge that allah s w t can do things that their engraved saints awliya cannot do yet despite their acknowledgments they both denied allah s s w t right to be worshiped alone uluhiyyah they both directed their worship to the engraved like the pagan arabs directed their worship to the idols the pagan arabs believed that their idols have status and gained allah s s w t honor and respect hence they appointed them as intermediaries wasilah and they used to ask allah s w t through them similarly today s grave worshipers believe that the engraved saints awliya have status honor and respect with allah s w t hence they appoint them as intermediaries wasilah and they invoke allah s w t through them as well however there are two major differences between the pagan arabs of the prophet s s a w time and today s grave worshipers when a pagan arab experienced severe hardship calamity or distress or while making his urgent appeal istighathah he called upon allah s w t and ultimately abandoned his idols however when today s grave worshiper is distressed and in dire need of help he directs his urgent appeals istighathah to his saint the engraved the dead and calls upon their so called supreme helpers al ghawth al azam the second is that i regard a pagan arab as a polytheist mushrik but i cannot do the same to my muslim brother the grave worshiper since he utters the universal declaration of faith lā ilāha illa allāh i can only do that after establishing the evidence and removed the obstacles it is to verify that he is invoking the saints awliya knowingly and with willful intention i ask allah s w t to make this work of benefit to muslims including our brother yasir qadhi may allah s w t guide us all ameen imam karim abu zaid

in a remarkable combination of personal reflections official dispatches and sophisticated political analysis berlin witness recounts the dramatic story of the erosion of communism in east germany and the forging of the new germany jonathan greenwald arrived in east berlin in the summer of 1987 when discontented east german youths were shouting gorbys gorbys on unter den linden and erich honecker was still received in bonn as the respected leader of the soviet union s most powerful ally germany was divided and honecker s gdr was a cornerstone of the armed but apparently stable security order that grew up after the second world war as political counselor of the american embassy greenwald expected to chronicle europe s evolution away from east west confrontation and to assess for the state department the implications of strengthening ties between the two german states that were beginning to cause unease in the alliances of both superpowers instead he found and described a revolution that climaxed with the fall of the berlin wall the collapse of the soviet empire and the unification of germany the daily entries beginning with a traditional communist may day 1989 when time seemed to stand still tell the story of that astonishing year from the unique perspective of a senior american diplomat greenwald had access not only to the leading personalities

of the gdr including honecker egon krenz and gregor gysi but also to the idealistic young people and churchmen who set in motion the events that astonished the world and changed all our lives he participated in the often frustrating efforts to shape an american policy response to the accelerating crisis in his afterword he offers insightful and sometimes skeptical observations about the rush to unification that has left germany whole and free but racked by new tensions and self doubts provocative and personal berlin witness is likely to be the definitive american description of the first phase of the german revolution until the government opens its archives in the next century and will be a valuable resource for anyone wishing to understand the background of the new germany

2019-06-28

scottish police are called to a murder scene in glasgow s northern necropolis the body of a young woman lies stretched out over a tomb in what looks like a ritualistic murder her body bears a three letter message from her killer daubed in lurid red lipstick in the 1970s danny neilson was the detective working on the infamous red silk murders still haunted by the memory of the unsolved investigation he spots a link between the new murders and those carried out by red silk details that no copycat killer could have known about but archibald atto the man suspected of the killings all those years ago is rotting in jail so danny has to face up to his fear that they never caught their man neilson goes with police photographer tony winter to visit archibald atto in prison but atto will not speak to them unless it is on his terms as clues begin to surface they learn that they are dealing with a killer whose agenda is so terrifying and history so twisted that it will take the combined efforts of police forces past and present to make an arrest

Prime Witness

2011-11-01

witness to war is an eye opening retelling of the war experience through the private diaries kept by people from all walks of life and from many countries the twentieth century s second world war announced its arrival from a distance and as early as spring 1938 city dwellers across europe expected destruction on an epic scale men women and children most of whom had never kept a diary before began to chronicle their own responses to what they knew would be a unique moment in world history the cast of characters represented in these diaries more than three hundred in number ranges from politicians soldiers and spies to ordinary citizens and housewives from a london schoolboy watching v 1 doodlebugs from his bedroom window to an interned german refugee robbed and beaten by british troops many others are famous and this collection includes rare material from figures such as joseph goebbels joyce grenfell jean paul sartre evelyn waugh and noël coward it also contains the insights of many who were close to winston churchill and adolf hitler most of these diaries involved a degree of danger and secrecy in occupied europe a captured diary could betray friends and relatives to the enemy some were downright illegal such as those kept by soldiers on the front line more than half a century after the end of the war these hidden treasures the voices of the

past are still being unearthed many of these accounts languished unread unpublished and gathering dust in scholarly archives around the world richard aldrich has devoted two decades to sustained research in more than a dozen countries this is war at first hand described in the most immediate terms not mediated through the voice of peripheral observers or shaded by fading memory or political allegiances

Silent Witness

2016-08-02

it is the very stuff of legend a man from the very bottom of the american caste emerges seemingly out of nowhere captures the nations imagination and improbably within four odd years defies gravity and rises to the dizzying height of the american presidency thereby becoming the first non white in history elected to lead an overwhelmingly white nation a cinderella like fairy tale no thats the story of president barack obama seismic and epic it is a biblical tale of the trials travails tribulations and dazzling triumphs of the rejected stone that became cornerstone of moses as pharaoh reviled and vilified like his legendary idol abraham lincoln whose election sparked the american civil war obamas election likewise triggered a cold uncivil civil war that notwithstanding his achievements are impressive even historic regarded as a gettysburg like pivotal moment in american history obamas metaphorical conquest of the american presidency is a monumental achievement a crossing of the rubicon and a historic 1066 type turning point matched in its sheer historic weight and majesty only by the achievements of washington and lincoln it reboots american democracy and heralds a new yes we can era of american and world history with new and expansive possibilities already evident in the unusual and iconoclastic demographic profiles of many of his wannabe successors it gives credence to the creed all men are created equal and confers legitimacy on american democracy it redounds to the credit of the nation and burnishes her image as the pacesetter in the quest for interracial harmony citing these and obamas many other achievements such as saving a moribund economy and reforming healthcare the author predicts that obama will be revered as one of americas greatest presidents
