You and the Law

1980

people obey the law if they believe it s legitimate not because they fear punishment this is the startling conclusion of tom tyler s classic study tyler suggests that lawmakers and law enforcers would do much better to make legal systems worthy of respect than to try to instill fear of punishment he finds that people obey law primarily because they believe in respecting legitimate authority in his fascinating new afterword tyler brings his book up to date by reporting on new research into the relative importance of legal legitimacy and deterrence and reflects on changes in his own thinking since his book was first published

Farming and the Law

2016

some of the most difficult and wrenching social and political issues in u s society today are about the relationship between strongly held moral values and the laws of the land there is no consensus about whether the law should deal with morality at all and if it is to do so there is no agreement over whose morality is to be reflected in the law in this compact and carefully edited anthology gerald dworkin presents the readings necessary for an understanding of these issues the volume contains classical and contemporary philosophical statements as well as a generous sampling of legal cases and opinions including such topics of current interest as flag burning nude dancing the sale of human organs and sexual behavior the volume represents the best in applied legal and moral philosophy

Cases on the Law of Agency

2017-10-31

in the collected essays here schlag established himself as one of the most creative thinkers in the contemporary legal academy to read them one after another is exhilarating schlag s sophistication shines through in chapter after chapter he tackles the most vexing problems of law and legal thinking but at the heart of his concern is the questions of normativity and the normative claims made by legal scholars he revisits legal realism eenergizes it and brings readers face to face with the central issues confronting law at the end of the 20th century choice may 1997 pierre schlag is the great iconoclast of the american legal academy few law professors today are so consistently original funny and provocative but behind his playful manner is a serious goal bringing the study of law into the late modern postmodern age reading these essays is like watching a one man truth squad taking on all of the trends and movements of contemporary jurisprudence all one can say to the latter is better take cover j m balkin lafayette s foster professor yale law school at a time when complaints are heard everywhere about the excesses of lawyers judges and law itself pierre schlag focuses attention on the american legal mind and its urge to lay down the law for schlag legalism is a way of thinking that extends far beyond the customary official precincts of the law his work prompts us to move beyond the facile self

congratulatory self representations of the law so that we might think critically about its identity effects and limitations in this way schlag leads us to rethink the identities and character of moral and political values in contemporary discourse the book brings into question the dominant normative orientation that shapes so much academic thought in law and in the humanities and social sciences by pulling the curtain on the rhetorical techniques by which the law represents itself as coherent rational and stable laying down the law discloses the grandiose and largely futile attempts of american academics to control social and political meaning by means of scholarly missives

The Law of Agency

2017-09-07

the law of the united states offers an introduction and overview of the american legal system with an emphasis throughout on up to date case law and current literature it is an ideal first point of entry for students and practitioners alike and a starting point for further independent research professor hay provides a concise and straightforward explanation of the law and legal vocabulary as well as an introduction to the different types of law and legal techniques he explains the role of congress the executive and the courts and clarifies the mechanisms behind the branches of public and private law in the united states he introduces the reader to the complexities of federal and state law emphasizing that the many areas of public law and virtually all areas of private law are the separate law of the 50 states the district of columbia and the u s dependent territories in which common language legal tradition and culture have served to bring about a basic legal unity several private law areas contract law torts family law succession receive detailed treatment as do criminal law and procedure the book provides detailed references to legislation case law and the literature up to date through early 2016 four appendices present a detailed case study with commentary to aid the civil law reader in understanding of the case law system the text of the u s constitution referred to in several contexts throughout the book a geographic map of the u s federal court system and information on the legal profession in the united states

Laying Down the Law

1998-10-01

in lord sumption and the limits of the law leading public law scholars reflect on the nature and limits of the judicial role and its implications for human rights protection and democracy the starting point for this reflection is lord sumption s lecture the limits of the law which grounds a wide ranging discussion of questions including the scope and legitimacy of judicial law making the interpretation of the european convention on human rights and the continuing significance and legitimacy or otherwise of the european court of human rights lord sumption ends the volume with a substantial commentary on the responses to his lecture

LAW AND THE LADY

2018

written by a renowned literary critic and legal historian practice extended illuminates the intricacies of legal language and thought and the law s relationship to society literature and culture robert a ferguson details how judicial opinions are written how legal thought and philosophy inform ideas and how best to appreciate a courtroom novel with chapters touching on a wide range of subjects including immigration eloquence the u s constitution and the supreme court case over james joyce s ulysses practice extended provides an ambitious argument for the importance of language in law and a much needed analysis of the often vexed relationship between law and literature ferguson challenges the notion of law as a hermetic enterprise only accessible to experts he reveals the discipline s relationships to history religion philosophy psychology anthropology and the visual arts offering a rich account of how the law has shaped and has been shaped by communal thought he also recognizes the critical role of literature and

other outside views in showcasing the social problems that law takes up practice extended reflects ferguson s crucial role as a pioneer in developing the field of law and literature his writing reminds us of the need for a critical approach to the law that draws on the insights of literature to better understand political and legal history and the documents laws and arguments that shape our present at the same time this volume also showcases the ways in which the law has been integrated into works of literature from billy budd to contemporary courtroom thrillers

The Law of the United States

2017

presenting fresh perspectives on a range of contemporary issues in international law this book draws on the work of major contributors to legal and political theory arguing that international law lacks the vocabulary to deal with the collective dimension and therefore perpetuates an individualistic vocabulary the book develops and articulates a more appropriate collective approach for public international law in doing so it reframes longstanding problems such as the conflict between self determination and the integrity of states and the effects and the limits of state sovereignty in an increasingly globalized world

The Law and the People

1910

excerpt from the law of criminal conspiracies and agreements 1 general history of criminal combinations the history of the law of criminal conspiracies and combinations may be conveniently divided into three periods of which the first ends with the sixteenth and the second with the eighteenth century about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
