PISA How 15-Year-Olds Learn English Case Studies from Finland, Greece, Israel, the Netherlands and Portugal 2010-01-01

this book brings together research from six different countries across three continents where teacher educators and policy makers are addressing the under preparation of content teachers to work effectively with multilingual learners by highlighting this relatively young field of research at an international level the book advances the research based knowledge of the field and promotes international research relationships and partnerships to better support the education of multilingual learners and their teachers the chapters represent high quality empirical qualitative quantitative and mixed methods studies about pre service and in service teachers comprising four sections each represents a critical aspect of the equitable teaching of multilingual learners all the research was conducted in countries that belong to oecd organisation for economic co operation and development and the pisa programme for international student assessment enabling the reader to compare contexts and outcomes this book will be of particular interest to academics researchers and post graduate students in the fields of language education teacher education and education for multilingual learners it will be of great value to anyone concerned with equity and social justice for multilingual learners whose languages cultural practices and resources are often overlooked and or marginalized in the schools they attend

Shades of Globalization in Three Early Childhood Settings 2006

as south africa transitioned from apartheid to democracy changes in the political landscape as well as educational agendas and discourse on both a national and international level shaped successive waves of curriculum reform over a relatively short period of time using south africa as a germane example of how curriculum and pedagogy can interact and affect educational outcomes pedagogy in poverty explores the potential of curricula to improve education in developing and emerging economies worldwide and ultimately to reduce inequality incorporating detailed empirical accounts of life inside south african classrooms this book is a much needed contribution to international debate surrounding optimal curriculum and pedagogic forms for children in poor schools classroom level responses to curriculum policy reforms reveal some implications of the shifts between a radical progressive approach and traditional curriculum forms hoadley focuses on the crucial role of teachers as mediators between curriculum and pedagogy and explores key issues related to teacher knowledge by examining the teaching of reading and numeracy at the foundational levels of schooling offering a data rich historical sociology of curriculum and pedagogic change this book will appeal to academics researchers and postgraduate students in the fields of education sociology of education curriculum studies educational equality and school reform and the policy and politics of education

English 2011-01-31

an invaluable guide for families embarking on the journey of educating their primary school age children at home one of the biggest challenges for homeschooling parents is to break away from the model of education they received in school and to re educate themselves about education as the conventional classroom methodology is not the model of pedagogy teaching that works best in the homeschool scenario this book offers tried and tested alternatives that will enrich and facilitate learning rather than hinder the process of educating young minds having been part of the first generation of south african homeschoolers the author shares her knowledge plus tips and advice she has learnt along the way in order to help others make good choices and avoid common pitfalls and costly mistakes

Study and Master English as a First Additional Language Grade 2 Teacher's File 2015

policies concerning language use are increasingly tested in an age of frequent migration and cultural synthesis with conflicting factors and changing political climates influencing the policy makers elana shohamy considers the effects that these policies have on the real people involved using examples from the us and uk she shows how language policies are promoted and imposed overtly and covertly across different countries and in different contexts concluding with arguments for a more democratic and open approach to language policy and planning the final note is one of optimism suggesting strategies for resistance to language attrition and ways to protect the linguistic rights of groups and individuals

New All-in-one First Additional Language 2015-10-13

the salrm 2011 provides a rich source of information on a range of language related subjects a prominent issue remains the changing of street and place names including the pretoria tshwane and louis trichardt makhado sagas language in education remains a thorny issue as medium of instruction at school and tertiary level and the proposal that passing an african language should be a requirement in

order to obtain a tertiary degree in south africa in terms of language legislation the draft version of the national language act was proposed the language of record in courts also received attention in the media

Revitalizing Minority Voices 2011-01-31

the education triple cocktail brings together rigorous quantitative and qualitative research on a new approach to improving foundational teaching and learning for schoolchildren living in working class poor and remote rural communities in resource constrained systems like south africa at the core of this book is the theory and evidence for a powerful new interlocking and mutually reinforcing change model inspired by the aids treatment story the three pronged approach of structured daily lesson plans appropriate and high quality educational materials and one on one instructional coaching to help teachers transform their instructional practices in early grade classrooms shows that it will improve learning outcomes for education systems defined by low levels of early grade learning and profoundly unequal outcomes the education triple cocktail offers a theoretically informed evidence based way forward this book will be of immense use to teachers students of education policymakers and parents

Study and Master English as a First Additional Language Grade 1 Teacher's File 2019-07-03

using data from a long term ethnographic study of english language classrooms in a south african township this book highlights linguistic expertise in a setting where it is not usually expected or sought rather than being peripheral and unskilled south african township teachers and learners emerge as skilled re languagers central to the workings of south african education and to our understanding of how language classrooms work this book foregrounds the heterogeneity flexibility and creativity of day to day language practices that african urban spaces are known for and conceptualises language teaching not as a progression from one fixed language to another but as a circular sorting process between linguistic heterogeneity languaging and homogeneity a standard language

Teaching Content and Language in the Multilingual Classroom 2017-08-09

although the principles for enabling children to become fully proficient multilinguals through schooling are well known most indigenous and minority children are not provided with multilingual education which would enable them to succeed both in school and in society in this important book experts from around the world show how multilingual education can be provided and what it can achieve

Pedagogy in Poverty 2015-07-13

postcolonial polysystems the production and reception of translated children s literature in south africa is an original and provocative contribution to the field of children s literature research and translation studies it draws on a variety of methodologies to provide a perspective both product and process oriented on the ways in which translation contributes to the production of children s literature in south africa with a special interest in language and power as well as post and neocolonial hybridity the book explores the forces that affect the use of translation in producing children s literature in various languages in south africa and shows how some of these forces precipitate in the selection production and reception of translated children s books in afrikaans and english it breaks new ground in its interrogation of aspects of translation theory within the multilingual and postcolonial context of south africa as well as in its innovative experimental investigation of the reception of domesticating and foreignising strategies in translated picture books the book has won the 2013 est young scholar prize

Homeschooling: The Primary Years 2006-05-02

Relanguaging Language from a South African Township School 2009

childhood multilingualism has become a norm rather than an exception this is the first handbook to survey state of the art research on the uniqueness of early multilingual development in children growing up with more than two languages in contact it provides in depth accounts of the complexity and dynamics of early multilingualism by internationally renowned scholars who have researched typologically different languages in different continents chapters are divided into six thematic areas following the trajectory environment and conditions underlying the incipient and early stages of multilingual children s language development the many facets of childhood multilingualism are approached from a range of perspectives showcasing not only the challenges of multilingual education and child rearing but also the richness in linguistic and cognitive development of these children from infancy to early schooling it is essential reading for anyone interested in deepening their understanding of the multiple aspects of multilingualism seen through the unique prism of children

Social Justice Through Multilingual Education 2012

this volume offers a critical perspective on current views on linguistic fixity and fluidity in sociolinguistics and highlights empirical accounts alternative to prevailing trends in the field featuring accounts from a broad range of regional contexts the collection takes stock of such terms as polylingualism metrolingualism and translanguaging to question perceptions around multilingual and monolingual language use the book critiques the status of fluid language use as a more natural language practice and in turn its greater potential for corresponding social transformation demonstrating the value of linguistic fixity and the continuous debate between fixity and fluidity in multilingual speakers lives in providing these accounts the book seeks not to advocate for linguistic fixity or fluidity but to argue that sociolinguists pay close attention to the way both types of linguistic practice open up or close down avenues for social transformation this collection is a key reading for graduate students and scholars in sociolinguistics multilingualism and linguistic anthropology
