Project Management Methodologies, Governance and Success 2019-04-30

project management methodologies practices and guidelines are the only explicit information that project managers have and when properly maintained should reflect the most current knowledge and guidance to achieve repeatable successful project outcomes despite more than 50 years of research in the field of project management project success r

Willis's Price Current of Literature and Monthly Book Advertiser 1851

this book highlights the recent research on hybrid intelligent systems and their various practical applications it presents 97 selected papers from the 22nd international conference on hybrid intelligent systems his 2022 and 26 papers from the 18th international conference on information assurance and security which was held online from 13 to 15 december 2022 a premier conference in the field of artificial intelligence and machine learning applications his ias 2022 brought together researchers engineers and practitioners whose work involves intelligent systems network security and their applications in industry including contributions by authors from over 35 countries the book offers a valuable reference guide for all researchers students and practitioners in the fields of computer science and engineering

Sotheran's Price Current of Literature 1884

blanks print space and void in english renaissance literature is an inquiry into the empty spaces encountered not just on the pages of printed books in c 1500 1700 but in renaissance culture more generally the book argues that print culture in the sixteenth and seventeenth centuries helped to foster the modern idea of the gap where words texts images and ideas are constructed as missing lost withheld fragmented or perhaps never devised in the first place it re imagines how early modern people reacted not just to printed books and documents of many different kinds but also how the very idea of emptiness or absence began to be fashioned in a way which still surrounds us jonathan sawday leads the reader through the entire landscape of early modern print culture discussing topics such as space and silence the exploration of the vacuum the ways in which race and racial identity in early modern england were constructed by the language and technology of print blackness and whiteness together with lightness darkness and sightlessness cartography and emptiness the effect of typography on reading practices the social spaces of the page gendered surfaces hierarchies of information books of memory pages constructed as waste or vacant the genesis of blank forms and early modern bureaucracy the political and devotional spaces of printed books the impact of censorship and the problem posed by texts which lack endings or conclusions the book itself ends by dwelling on blank or empty pages as a sign of human mortality sawday pays close attention to the writings of many of the familiar figures in english renaissance literary culture sidney shakespeare donne jonson and milton for example as well as introducing readers to a host of lesser known figures the book also discusses the work of numerous women writers from the period including aphra behn ann bradstreet margaret cavendish lady jane gray lucy hutchinson Æmelia lanyer isabella whitney and lady mary wroth

The Bibliographer's Manual of English Literature 1860

now in its second edition how to read texts introduces students to key critical approaches to literary texts and offers a practical introduction for students developing their own critical and close reading skills written in a lively jargon free style it explains critical concepts approaches and ideas including debates around critical theory the role of history and context the links between creativity and criticism the relationship between author reader and text the new edition now includes guidance on analysing a range of multi media texts including film and online media as well as the purely literary in addition to new practical examples readings exercises and checkpoints that help students to build confidence in their own critical readings of both primary and secondary texts the book now also offers guidance on writing fully formed critical essays and tips for independent research comprehensively updated and revised throughout how to read texts is an indispensable guide for students making the transition to university study

Academy, with which are Incorporated Literature and the English Review 1883

in schools of fiction morgan day frank considers a bizarre but integral feature of the modern educational experience that teachers enthusiastically teach literary works that have terrible things to say about school from ishmael s insistence in herman melville s moby dick that a whale ship was my yale college and my harvard to the unnamed narrator s expulsion from his southern college in ralph ellison s invisible man the most frequently taught books in the english curriculum tend to be those that cast the school as a stultifying and inhumane social institution why have educators preferred the anti scholasticism of the american romance tradition to the didacticism of sentimentalists why have they organized african american literature as a discursive category around texts that despaired of the post reconstruction institutional system why did they start teaching novels that literary form whose very nature in mikhaail bakhtin s words is not canonic reading literature in class is a paradoxical undertaking that according to day frank has proved foundational to the development of american formal education over the last two centuries allowing the school to claim access to a social world external to itself by drawing attention to the transformative effect literature has had on the school schools of fiction challenges some of our core assumptions about the nature of cultural administration and the place of english in the curriculum the educational system day frank argues has depended historically on the cultural objects whose existence it is ordinarily thought to govern and the academic subject it is ordinarily thought to have marginalized

Hybrid Intelligent Systems 2023-05-24

this book features high quality research papers presented at the 3rd international conference on sustainable expert systems icses 2022 held in nepal during september 9 10 2022 the book focuses on the research information related to artificial intelligence sustainability and expert systems applied in almost all the areas of industries government sectors and educational institutions worldwide the main thrust of the book is to publish the conference papers that deal with the design implementation development testing and management of intelligent and sustainable expert systems and also to provide both theoretical and practical guidelines for the deployment of these systems

Calendar 1896

the routledge handbook of translation and politics presents the first comprehensive state of the art overview of the multiple ways in which politics and translation interact divided into four sections with thirty three chapters written by a roster of international scholars this handbook covers the translation of political ideas the effects of political structures on translation and interpreting the politics of translation and an array of case studies that range from the classical mediterranean to contemporary china considering established topics such as censorship gender translation under fascism translators and interpreters at war as well as emerging topics such as translation and development the politics of localization translation and interpreting in democratic movements and the politics of translating popular music the handbook offers a global and interdisciplinary introduction to the intersections between translation and interpreting studies and politics with a substantial introduction and extensive bibliographies this handbook is an indispensable resource for students and researchers of translation theory politics and related areas
