have an interest in words from the meaning of prefixes and suffixes to word origins and trivia this book can help you build your vocabulary someone just called you captious should you be flattered considering your extreme lactose intolerance is it a good idea to order veau au béchamel from a french menu calumny is to slander as obloquy is to a flattery b sermon or c invective you've just heard that your new boss is a real martinet should you be worried or excited about this new addition to your workplace your partner says you have no élan does that mean you're all out of yogurt starting to wish you'd paid more attention in english class don't worry it's never too late to develop a million dollar vocabulary and vocabulary for dummies offers you a fast fun and easy way to do it whether you're preparing for standardized tests or you want to feel more knowledgeable at work or more comfortable in social situations this book is for you in no time you'll dramatically expand your vocabulary speak with style write with panache make a better impression at work or school dine out with confidence have the right words for formal occasions and ethnic events get more out of what you read vocabulary for dummies doesn't overwhelm you with endless word lists instead it gives you a complete vocabulary building program that familiarizes you with words from all areas of life as they're used in context from bar mitzvahs to business meetings pcs to politics with a host of fun features including word tables organized by common features such as language of origin professional or social contexts similarities and more sample conversations that incorporate new terms and define related ones before and after examples that show how to replace old general terms with new specific vocabulary pointers that reinforce understanding with examples of correct and incorrect usage chapters on terms from finance law medicine eating and shopping history and mythology various languages and more vocabulary for dummies makes it easier than ever for you to learn difficult words that impress your friends and coworkers grab your own copy and get ahead at school at work and in life

## **French For Dummies® 2011-06-01**

if you buy into the pepé le pew stereotype of the french arrogant stuffy overly amorous and rather odiferous pepé le pew was a skunk talk about stereotypical then think again not only are the french people some of the most relaxed pleasant people you'll ever meet but their society is one of the oldest most culturally rich societies in the world so it's no surprise that french is known as perhaps the most beautiful of all languages listen to someone speak french sure you don't have a clue what she's saying but aren't you enraptured by the sound of it unfortunately just because a language is beautiful doesn't mean that it's easy to learn although french has many things in common with english french has had many many centuries to evolve into the language it is today which means it's had all that time to become more complex that's where french for dummies can help written in partnership with the language experts at Berlitz this book can give you what you need for basic communication in french french for dummies covers the following topics and more basic pronunciation and gestures the nuts and bolts of french grammar meeting and greeting in french situations in which you can use french making small talk dining out shopping and talking on the phone traveling to france dealing with french currency staying at a hotel and getting around town top ten lists on ways to pick up french quickly things you should never say in french favorite french expressions and important french holidays to remember appendixes with verb conjugation tables as well as a french mini dictionary french for dummies also comes with a cd that has audio transcriptions of all the exercises in the book so that you can actually hear the french pronunciations so whether you're taking a business trip and need to pick up a little french quickly you're cramming for your high school french final or you've always wanted to learn a new language but don't have the time to drag yourself to a class once a week french for dummies can get you well on your way to becoming fluent in no time

## **Japanese For Dummies 2002-06-07**

japanese is a wonderful language very different from european languages it is also the gateway to the rich culture of the exciting and complex island nation of japan some people get intimidated by the prospect of speaking japanese worried that it's just too complex and different but these fears are unfounded while you can devote a lifetime to the study of this or any language picking up the basics of japanese doesn't require any more than an interest and a willingness to try something new japanese for dummies has everything you need to get off the ground with speaking the language author and professor of japanese eriko sato starts you off with the essentials of grammar and pronunciation giving you a working sense of the language before showing you japanese in action you'll then explore vocabulary and expressions through dialogues taking place in situations such as introductions and greetings eating and drinking shopping exploring the town talking on the telephone asking directions getting around staying at a hotel you'll also discover social customs formalities and manners from how and when to bow to how to unwrap a present whether you simply want to introduce yourself to the japanese language say a few words to a neighbor or coworker or you're planning a major trip or study abroad in japan japanese for dummies will enable you to get the basics fast and work towards your own goal at your own pace you'll also find out about how to use karaoke to help you learn japanese movies that will introduce you to japanese culture and language learning japanese the gourmet way when ignoring no thank you shows good manners proper table manners proper body language how to sound fluent and much more with helpful vocabulary summaries a mini dictionary at the end and an audio cd full of conversations and pronunciations japanese for dummies assumes no prior knowledge of japanese on your part providing the perfect guide for a quick but thorough lighthearted but not

lightweight introduction to the language
