essential knowledge of international financial reporting standards for students of global accounting. This important work provides the tools global accounting students need to understand international financial reporting standards, ifrs, and how they are applied in practice. This text emphasizes fair value, proper accounting for financial instruments, and new developments in international accounting by presenting ifrs in light of current accounting practice. This book helps students gain practical knowledge of the topic that they can apply as they advance into their global accounting careers. With this revised and updated fourth edition, students will develop a firm conceptual understanding of ifrs as well as the ability to integrate their learning through practical exercises throughout the text. Global accounting insights highlight the important differences that remain between ifrs and U.S. GAAP, discussing the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, intermediate accounting: ifrs includes proven pedagogical tools designed to help students learn more effectively. It comprehensively covers the latest international financial reporting standards and how they are applied in practice, taking a comparative approach to help students understand the differences between ifrs, U.S. GAAP, and other important standards. It emphasizes practical application of knowledge with end-of-chapter review and practice sections, provides authoritative references and citations to ensure content reliability, and provides opportunities for further study. It includes access to video walkthroughs, interactive content, and digital resources to support student engagement and ensure positive learning outcomes. As ifrs gains broad acceptance around the world, students of global accounting will need to be intimately familiar with these standards and prepared to keep up with the rapid changes in the international environment. Intermediate accounting: ifrs answers to these pressing needs, making it the clear choice for accounting courses at the intermediate level.

for colleges and universities around the world. Financial Accounting: IFRS, 2nd Edition, with WileyPlus by Jerry J. Weygant, Paul D. Kimmel, and Donald E. Kieso is designed to assist students learning accounting topics under the rules of ifrs. The book addresses every accounting topic from the perspective of ifrs and includes examples based on international companies following the reputation for accuracy, comprehensiveness, and currency. This highly anticipated new edition retains key features such as the table of contents, comprehensive problem sets, and accuracy on which users of Weygant's financial accounting: ifrs have come to rely. The focus of this text is on international companies, discussing financial accounting principles and procedures within the context of ifrs and providing end-of-chapter exercises and problems that present students with foreign currency examples such as the yen or euro. New features and updates to the new edition include another perspective section which presents a U.S. GAAP overview, differences between GAAP and ifrs, new understanding of U.S. GAAP, margin boxes, updated chapter opener stories, and revised real-world insight boxes integrated throughout each chapter. New common chart of accounts, sustainability coverage through People Planet Profit insight box, more visual equation analysis, and anatomy of a fraud boxes. Updated end-of-chapter material and a new design. Students using WileyPlus do real accounting, get real results. WileyPlus is a student-centered learning and assessment online environment where students complete automatically graded homework, get feedback on their answers, and access learning materials like the eText at the point of learning. Students come to class prepared because the program is designed to meet the needs of today's accounting classroom with an innovative question design that facilitates effective learning of accounting concepts, skills, and procedures. WileyPlus is sold separately from the text.
