1918

this volume originally published in 1987 fills a gap in a neglected area looking at the entire war in the mediterrean the volume examines the war from the viewpoint of all the important participants making full use of archives and manuscript collections in britain france italy germany austria and the united states a fascinating mosaic of campaigns emerges in the adriatic straits of otranto and the eastern aegean the german assistance to the tribes of libya the threat that germany would get her hands on the russian black sea fleet and use it in the mediterreanean and the appearance and influence of the americans in 1918 all took place against a background of rivalry between the allies which frustrated the appointment of jellicoe in 1918 as supreme command at sea in a role similar to that of foch on land

in 1917 women won the vote in new york state suffrage and the city explores how activists in new york city were instrumental in achieving this milestone santangelo uncovers the ways in which the demand for women s rights intersected with the history politics and culture of new york city in the gilded age and progressive era the fight for the vote in the nation s largest metropolis demanded that suffragists both mobilize and contest urban etiquette as they worked to gain visibility and underscore their cause s respectability from the

polo grounds to the lower east side organizers championed political equality to anyone who would listen in the early twentieth century their fifth avenue parades showcased the various manhattan subcultures including industrial laborers teachers nurses and even socialites that they transformed into a broad coalition by the 1910s films and newspapers broadcasted their tactics to rest of the country just as the national suffrage organization decided to draw on gotham s resources by moving its own headquarters to midtown and thereby turning manhattan into the movement s capital the city s mores rhythms and physical layout helped to shape what was possible for organizers campaigning within it at the same time suffragists helped to redefine the urban experience for white middle class women combining urban studies geography and gender and political history suffrage and the city demonstrates that the big apple was more than just a stage for suffrage action it was part of the drama as much as enfranchisement was a political victory in new york state it was also a uniquely urban and cultural one

Suffrage and the City

2001-09-24

this volume is the first to contain all of rosa luxemburg s eloquent writings on the 1917 russian and 1918 19 german revolutions also contained here are articles essays and manuscripts on the european socialist movement prior to world war i and on her efforts to rebuild the socialist movement on revolutionary foundations in its aftermath much of this material appears in english for the first time luxemburg s contributions on revolutionary strategy and the transition to socialism reveal a profound commitment to radical democracy which becomes evident as she elaborates on her lived experience with razor sharp conceptualizations of the mass strike her democratic commitment is also highlighted in her deepening conflict with

the bureaucratic conservatism afflicting the german social democratic party she is horrified yet at the same time grimly analytical while surveying the unfolding violence and brutality of world war i deeply inspired by russia s 1917 upsurge she is nonetheless compelled to analyze and criticize fatal limitations of the russian revolution swept up in the revolutionary chaos sweeping through germany in 1918 19 which results in her own martyrdom she gives voice on the eve of her assassination to the revolution s final testament i was i am i shall be

ever since the courtroom doors closed in 1919 the tragic charlotte streetcar strike has haunted the collective memory of

the carolina piedmont region during a season of labor unrest it briefly made national headlines five men were killed and at least twelve others were wounded by gunfire during a demonstration against southern public utilities a subsidiary of james b duke s southern power for many who lived afterward in north carolina s queen city the strike and riot were events better left forgotten while for later generations the battle of the barn has become an item of curiosity as the centennial approaches this book represents the result of over ten years worth of primary research about the charlotte streetcar strike a story that rightfully belongs to a larger narrative about the afl s campaign to organize transportation workers among the textile mill towns of north and south carolina prior to the 1919 charlotte strike the national streetcar union had overcome fierce anti labor sentiment from south carolina s state capital of columbia to the upcountry citadel of spartanburg to afl organizers charlotte represented the last link in the piedmont chain
