**The Complete Book of Herbs** 1994 a funny and engaging guide to finding awareness in daily activities beyond sitting meditation from a rising leader in the insight meditation community meditation is great but it's not what buddhist practice is all about deep insight and liberation from suffering can be found in any ordinary activity from sorting the laundry to data entry as long as we approach them with the necessary awareness such is the teaching of buddhist monk sayadaw u tejaniya who himself learned to cultivate awareness in the raucous years he spent in the burmese textile business before taking his final monastic ordination at the age of thirty six in this refreshingly modern guide sayadaw u tejaniya teaches us how to bring awareness to all activities by training ourselves to be aware of the clinging and aversion that arise in any situation calm and deep insight will naturally follow the object of attention is not really important he teaches but the observing mind that is working in the background if the observing is done with the right attitude any object is the right object the flame of wisdom can be kindled in the midst of any life even one that might seem too full of personal and professional commitments to allow for it

*When Awareness Becomes Natural* 2016-05-17 beloved buddhist nun ayya khema expertly guides the reader through ten meditations on generating loving kindness and cultivating the fifteen wholesome qualities necessary for igniting compassion and boundless love having escaped nazi germany in 1938 ayya khema has singularly profound perspective on creating peace unconditional love and compassion she gently teaches that inner peace is not necessarily natural or innate instead peace should be considered a skill that needs intentional practice every day peace is the sum of many parts namely the fifteen wholesome qualities the buddha himself noted in the metta sutta including usefulness mildness humility contentment receptivity and others ayya khema expertly guides us through each individual condition using her trademark humor and personal narrative to help each reader shape their own path to self transformation the second part of the book includes an eye opening discussion of metta loving kindness as both a morality and concentration practice as well as ten meditation practices that use visualizations rather than more traditional mantra repetition these visualizations include your heart as a fountain of love reaching those close to you and those far away and a flower garden where we tend to the blooms in our hearts through love and compassion and share them with others edited by her student and retreat leader leigh brasington this book is a complete course in practical ways to calm and brighten our minds
