foucault and religion is the first major study of michel foucault in relation and response to religion jeremy carrette offers us a challenging new look at foucault s work and addresses a religious dimension that has previously been neglected we see that prior to foucault s infamous unpublished volume in the history of sexuality on the theme of christianity there is a complex religious sub text which anticipates this final unseen work jeremy carrette argues that foucault offers a twofold critique of christianity by

bringing the body and sexuality into religious practice and exploring a political spirituality of the self he shows us that foucault s creation of a body theology through the death of god reveals how religious beliefs reflect the sexual body questions the notion of a mystical archaeology and exposes the political technology of confession anyone interested in understanding foucault s thought in a new light will find this book a truly fascinating read
