Uniform Crime Reports for the United States 1941 winner of the 2021 duke of wellington medal for military history a daily telegraph book of the year 2020 from an acclaimed military historian the definitive account of italy s experience of the second world war while staying closely aligned with hitler mussolini remained carefully neutral until the summer of 1940 then with the wholly unexpected and sudden collapse of the french and british armies mussolini declared war on the allies in the hope of making territorial gains in southern france and africa this decision proved a horrifying miscalculation dooming italy to its own prolonged and unwinnable war immense casualties and an allied invasion in 1943 which ushered in a terrible new era for the country john gooch s new book is the definitive account of italy s war experience beginning with the invasion of abyssinia and ending with mussolini s arrest gooch brilliantly portrays the nightmare of a country with too small an industrial sector too incompetent a leadership and too many fronts on which to fight everywhere whether in the ussr the western desert or the balkans italian troops found themselves against either better equipped or more motivated enemies the result was a war entirely at odds with the dreams of pre war italian planners a series of desperate improvisations against allies who could draw on global resources and against whom italy proved helpless this remarkable book rightly shows the centrality of italy to the war outlining the brief rise and disastrous fall of the italian military campaign it is hard to imagine a finer account both of the sweep of italy s wars and of the characters caught up in them caroline moorhead the guardian

the company into semi independent worker led organizations isolated from the union movement through the mid 1930s erp representatives and management nonetheless created a sophisticated bargaining structure that represented the shop floor interests of the mill s skilled workforce meanwhile the amalgamated gave way to the steel workers organizing committee a professionalized and tightly organized affiliate of john l lewis s cio that expended huge resources trying to gain companywide unionization even when the swoc secured a collective bargaining agreement with u s steel in 1937 however the union was still unable to sign up a majority of the workforce at duquesne a sophisticated study of the forces that shaped and responded to workers interests duquesne and the rise of steel unionism confirms that what people did on the shop floor was as critical to the course of steel unionism as were corporate decision making and shifts in government policy
