And Tyler Too a Biography of John and Julia Gardiner Tyler - Scholar's Choice Edition 2015-02-14

john tyler holds the distinction of being the first president to take office due to the death of a sitting president tyler was thrust into office on the death of president william henry harrison in 1841 after being vice president for only a month he was at home in richmond when he got word of harrison s death immediately he rushed to washington d c to be embroiled in a constitutional crisis over the secession of power the whig political party had chosen tyler as harrison s running mate in the election of 1840 primarily because he was from the very populous state of virginia and it was hoped he could bring in the southern vote the whigs were shocked when tyler became president and didn t fall in line with the party he vetoed much of their legislation so they kicked him out of the party after his one term in office he was relegated to political obscurity as the tensions grew between the north and south leading up to the civil war tyler and his new wife thirty years his junior became outspoken advocates for slavery and southern plantation life just before his death he was elected as a representative to the confederate states of america and would be buried in a coffin draped with a confederate flag to the northerners john tyler was considered a traitor to the union cause making him one of the most controversial presidents in united states history john tyler a short biography reveals the life and times of the tenth president of the united states 30 minute book series this is the 38th book in the 30 minute book series books in this series are fast paced accurate and cover the story in as much detail as a short book possibly can most people complete each book in less than an hour which makes the books in the series a perfect companion for your lunch hour or a little down time about the author doug west is a retired engineer and an experienced non fiction writer with several books to his credit his writing interests are general with special expertise in history science biographies and how to topics doug has a ph d in general engineering from oklahoma state

university

Tyler Rose 1997-08-01

presents the presidency of john tyler the first vice president to ascend to the office upon the death of a standing president describing his success in establishing diplomatic relations with china and annexing texas

Liv Tyler 2000-10

a biography of the responsible and dutiful tenth president of the united states who was the first to take over the office after an elected president died in office after the death of the 9th president of the united states william henry harrison the united states faced unanticipated turmoil a president had never yet died before the end of his term with rumors flying about and the fate of the still relatively new american government uncertain vice president john tyler stepped into the role of his late childhood friend john tyler a fascinating biography of the 10th united states president is the true story of a man who was thrust into leadership when his predecessor s term ended after just 31 days despite stepping up to save the country from chaos john tyler would soon lose favor with his own party the whigs his belief in his responsibility to the government would drive away allies who were determined to push their own party s agenda he would also be rejected by the opposing democratic party thus becoming a president who belonged to no party at all john tyler would never relent in his obligation to the office or his duty to the people

John Tyler, Champion of the Old South 1964

historians have long viewed president john tyler as one of the nation s least effective heads of state in president without a party the first full scale biography of tyler in more than fifty years and the first new academic study of him in eight decades christopher j Leahy explores the life of the tenth chief executive of the united states born in the virginia tidewater into an elite family sympathetic to the ideals of the american revolution tyler like his father worked as an attorney before entering politics Leahy uses a wealth of primary source materials to chart tyler s early political path from his election to the virginia legislature in 1811 through his stints as a congressman and senator to his vice presidential nomination on the whig ticket for the campaign of 1840 when william henry harrison died unexpectedly a mere month after assuming the presidency tyler became the first vice president to become president because of the death of the incumbent Leahy traces tyler s ascent to the highest office in the land and unpacks the fraught dynamics between tyler and his fellow whigs who ultimately banished the beleaguered president from their ranks and stymied his election bid three years later Leahy also examines the president s personal life especially his relationships with his wives and children in the end Leahy suggests politics fulfilled tyler the most often to the detriment of his family such was true even after his presidency when virginians elected him to the confederate congress in 1861 and northerners and unionists branded him a traitor president the most complete accounting of tyler s life and career Leahy s biography makes an original contribution to the fields of politics family life and slavery in the antebellum south moving beyond the standard often shortsighted studies that describe

tyler as simply a defender of the old south s dominant ideology of states rights and strict construction of the constitution leahy offers a nuanced portrayal of a president who favored a middle of the road bipartisan approach to the nation s problems this strategy did not make tyler popular with either the whigs or the opposition democrats while he was in office or with historians and biographers ever since moreover his most significant achievement as president the annexation of texas exacerbated sectional tensions and put the united states on the road to civil war

Never Would Have Made It 2011-11-21

you know the name and you can t mistake the voice now you can read the incredible story of how a shy music loving teenager called gaynor hopkins morphed into legendary international superstar bonnie tyler and carved out an extraordinary career that is still going strong to this day after five decades in the business during which time she has recorded some of the most iconic songs of all time travelled the world and performed for royalty and the pope bonnie is sharing her fascinating journey for the first time and she s not holding back from her early days growing up in a tiny mining village in south wales to her career as a club singer that led to her accidental discovery by a talent scout the top of the pops devotee had no idea she would one day grace the infamous illuminated stage alongside some of her biggest idols her rise to fame would sound like a fairy tale if it wasn t all true bonnie has always determinedly followed her own path even when sceptical music execs told her she would fail her bravery led to her working with the legendary producer and songwriter jim steinman going on to record the classic power ballads total eclipse of the heart and holding out for a hero as well as duetting with some of the best known names in the business she is undoubtedly one of the biggest vocal powerhouses of her generation but her roots remain firmly in her beloved wales she is resolutely down to earth funny and endlessly charming whether she s talking about the family she adores or sharing hilarious anecdotes from her many years in the spotlight bonnie never fails to entertain finally we get to hear the amazing tale of a woman who has led the way for so many other female artists and has had a bloody great time doing it bonnie s much anticipated memoir is inspirational moving and straight from the heart

Mary Tyler Moore Biography 1924-12

the first vice president to become president on the death of the incumbent john tyler 1790 1862 was derided by critics as his accident in this biography of the tenth president edward p crapol challenges depictions of tyler as a die hard advocate of states rights limited government and a strict interpretation of the constitution instead he argues tyler manipulated the constitution to increase the executive power of the presidency crapol also highlights tyler s faith in america s national destiny and his belief that boundless territorial expansion would preserve the union as a slaveholding republic when tyler sided with the confederacy in 1861 he was branded as america s traitor president for having betrayed the republic he once led
