2019

standard operating procedure is an utterly original collaboration by the writer philip gourevitch we wish to inform you that tomorrow we will be killed with our families and the film maker errol morris the thin blue line the fog of war they have produced the first full reckoning of what actually happened at abu ghraib standard operating procedure reveals the stories of the american soldiers who took and appeared in the haunting digital snapshots from abu ghraib prison that shocked the world and simultaneously illuminates and alters forever our understanding of those images and the events they depict drawing on more than two hundred hours of errol morris s startlingly frank and intimate interviews with americans who served at abu ghraib and with some of their iraqi prisoners as well as on his own research philip gourevitch has written a relentlessly surprising account of iraq s occupation from the inside out rendering vivid portraits of guards and prisoners ensnared in an appalling breakdown of command authority and moral order gourevitch and morris have crafted a nonfiction morality play that stands to endure as essential reading long after the current war in iraq passes from the headlines by taking us deep into the voices and characters of the men and women who lived the horror of abu ghraib the authors force us whatever our politics to re examine the pat explanations in which we have been offered or sought refuge and to see afresh this watershed episode instead of a few bad apples we are confronted with disturbingly ordinary young american men and women who have been dropped into something out of dante s inferno this is a book that makes you think and makes you see an essential contribution from two of our finest nonfiction artists working at the peak of their powers

Standard Operating Procedures (SOPs).

1994-04-12

the biggest confusion for professionals in quality system design is the document structure and the differences between sop s and work instructions this second edition clears all that confusion this edition accomplishes the following 1 it provides the quality system document structure 2 it provides document content layouts for sop s and work instructions 3 it provides step by step instructions for writing quality manual and quality policy 4 it provides step by step instructions for writing sop s and work instructions this second editions also has two chapters devoted to gmp and glp requirements for good documentation practices gdps and much more page 4 cover

Security Officer's Handbook

2017-05-16

this is the fourth volume of standard operating procedures sops compiled from documents prepared in these laboratories in part fulfilment of the requirements of various good laboratory practice glp regulations and guidelines sops have now become an everyday feature of work in most industrial and contract toxicology laboratories they provide a written definition of the mechanics of unit operations which together comprise the framework for experiments in safety evaluation metabolic studies and analytical chemistry are closely linked to toxicology since they embody essential aspects of the overall assessment of product safety some authorities consider certain parts of these subjects to be outwith the scope of the glp requirements but for the reasons stated

this is contrary to our own view we have tried where possible to define in sop format for use in our own laboratories the unit operations involved in these disciplines and they form the basis of this volume some relevant material from previous volumes has been brought together in updated form and is also presented here for completeness dr i p sword managing director inveresk research international musselburgh eh21 7ub scotland ix introduction general 1 the food and drug administration of the us government published its good laboratory practice regulations for non clinical laboratory studies in the federal register 22 december 1978 the regulations are the culmination of a number of years of investigation into the standards to which safety evaluation studies were performed in laboratories in the usa

2005

good clinical practice standard operating procedures for clinical researchers edited by josef kolman mprc medical pharmaceutical research center ltd vienna austria paul meng pmc dr paul meng consultant vienna austria and graeme scott professional services in clinical research edinburgh scotland there is a growing trend for investigators to adopt a more formal approach to the procedures applied to various stages of clinical trials most environments employ some form of standard operating procedures which are designed to be used as working tools within that particular field e g standard operating procedures in hospitals for doctors and nurses with rigorous standards of good clinical practice being applied to all areas optimizing the design and use of standard operating procedures is more in demand every day topics covered include a brief description of the history and development of clinical research and good clinical practice an explanation of what standard operating procedures are and how they work a selection of actual standard operating procedures and checklists this well constructed and timely work set out in a logical sequential order provides the necessary material needed to develop a useful set of investigator standard operating procedures

Validation Standard Operating Procedures

1998

army techniques publication atp 3 90 90 facilitates development of standard operating procedures sops in order to enhance efficiency and adaptability across the force atp 3 90 90 achieves this purpose through linking to a milwiki portal under the milsuite uniform resource locator url containing guidance for tactical sops and unclassified examples of sops for reference the sop portal provides a baseline for developing new sops quickly and a forum for improving existing sops the portal presents best practices consistent with doctrinal principles the combined arms doctrine directorate established the sop portal in 2009 the authors attempted to align the original information with pertinent doctrine and regulations where the portal s contents differ from current doctrine and regulations the latter take precedence the information in the sop portal is not authoritative doctrine the examples in the portal do not provide ready to use sops for army units soldiers developing sops for their units are encouraged to apply critical thinking while referring to the models and other resources to aid their own content development at a minimum portal users must be familiar with this atp field manuals fms 5 0 and 6 99 2 army regulations ars 25 1 34 4 and 380 5 and department of the army pamphlet da pam 25 403 soldiers are encouraged to use the portal to collaborate to improve the portal s contents and to upload new sop examples the sop portal is secure and requires an army knowledge online or defense knowledge online login the portal s contents are unclassified neither this manual nor the sop portal is intended to regulate the appearance or content of unit sops this atp uses joint terms where applicable when formal military terms are identified in the text of this atp the terms are italicized and the number of the proponent manual follows the definition a standard operating procedure is a set of instructions covering those features of operations which lend themselves to a definite or standardized procedure without loss of effectiveness the procedure is applicable unless ordered otherwise jp 3 31 a sop is both standing and standard it instructs how to perform a prescribed and accepted

process established for completing a task features of operations that lend themselves to standardization are common and usually detailed processes performed often and requiring minimal variation each time well written and properly used unit tactical sops enhance effective execution of tasks the benefits of sops are numerous they reduce training time the loss of unwritten information the commission of errors the omission of essential steps or processes and the time required for completion of tasks this does not mean however that carrying out sops never requires thought or that sops should never change indeed tactical units must change some operating procedures as rapidly as operational environments and missions change the sop portal helps units avoid an unnecessary loss of effectiveness that could occur by maintaining unthinking dependence on outdated written procedures the portal also helps units avoid a loss of effectiveness that could occur when units delay writing down processes that need to become standardized the doctrine in this manual provides techniques for developing unit tactical sops units throughout the army can take advantage of technology to obtain guidance collaborate in real time and find information quickly this manual and the sop portal are intended to enhance operational adaptability army wide in the short term the information in the sop portal will help units establish or improve sops more rapidly in the long term the intention is that more and more units will build sops using the portal and the doctrine in this manual sops throughout the army should increase in similarity as the combination of doctrinal guidance and army wide milwiki collaboration facilitates consensus
