in a society that awaits the new in every medium what happens to last year s new from player pianos to vinyl records and from the typewriter to the telephone residual media is an innovative approach to the aging of culture and reveals that ultimately new cultural phenomena rely on encounters with the old this is the first book to take issue with the long standing assumptions about alternative media and democratic communications and place them in a detailed cultural and historical context ranging from prophecy in sixteenth century england to the self managed projects of critical literacy and social change of today it assesses the historical heritage present conditions and future possibilities of today s remade media landscape for democratic communications an exploration of how people from different professions and agencies work together to meet the health and social needs of people in a community it is about making the most of different skills to meet people s needs and creating satisfying and supportive working groups it is the details of making community care a reality the effectiveness and quality of care a person receives depends on getting the right professionals and services and also on the support given to the person s carers services must be co ordinated if the person is to benefit but co ordination is more difficult with the increasing change variety and complexity of health and social services in the 1990s this book challenges the assumptions that services are best co ordinated by multiprofessional and multi agency teams and that community care teams are broadly similar it demonstrates when a team is needed and how to overcome differences between professions and between agency policies and philosophies drawing on ten years of consultancy research with a variety of teams and services the author gives practical guidance for managers and practitioners about how to set up and improve co ordination and teamwork the book combines practical concerns with theoretical depth drawing on organization and management theory psychology psychoanalysis sociology economics and government studies a nation s prosperity depends not only on the willingness of its businesses to export goods and services and of its citizens and residents to travel to take advantage of opportunities overseas but also on the willingness of the businesses and citizens of other nations to cross the nation s borders to do business economic expansion and parallel increases in tourism and immigration have brought australians more frequently into contact with the laws and legal systems of other nations in particular in recent years trade with

partners in the asia pacific region has become increasingly important to the nation s future at the same time australian courts are faced with a growing number of disputes involving foreign facts and parties in recognition of these developments and the need to ensure that the applicable rules meet the needs both of transacting parties and society the attorney general s department launched in 2012 a full review of australian rules of private international law this collection examines the state and future of australian private international law against the background of the attorney general s review the contributors approach the topic from a variety of perspectives judge policy maker practitioner academic and with practical and theoretical insights as to operation of private international law rules in australia and other legal systems this collection of papers is concerned with issues of policy development practice implementation and performance it represents a range of views about diverse subjects by individuals who are for the most part in the public eye and who have the capacity to influence the shape and the reality of public policy each has a story to tell with insights that can only be drawn by those working at the sharp end of policy subject matter index to advice and appeals memoranda and regional office dismissal letters classified on a substantial subset of the classification outline for decisions of the national labor relations board and related court decisions based on a survey of all community mental handicap teams in wales this text describes the experience of multi disciplinary working and assesses the implementations and outcome of the teams work it also explores the elements of effective teamwork and the management support required for it issues for include annual air transport progress issue for more than 40 years computerworld has been the leading source of technology news and information for it influencers worldwide computerworld s award winning site computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global it media network the 1840 nautical magazine focuses on australia new zealand and the antarctic and reports research on electricity magnetism and scurvy vol for 1963 includes section current australian serials a subject list who owns whom this book does what it says on the tin stating the corpus of tort law as a body of principles undertaken for the first time in english tort law this book describes the law of tort concisely accessibly and accurately and with both depth and detail

Residual Media

2007

in a society that awaits the new in every medium what happens to last year's new from player pianos to vinyl records and from the typewriter to the telephone residual media is an innovative approach to the aging of culture and reveals that ultimately new cultural phenomena rely on encounters with the old

Democratic Communications

2008

this is the first book to take issue with the long standing assumptions about alternative media and democratic communications and place them in a detailed cultural and historical context ranging from prophecy in sixteenth century england to the self managed projects of critical literacy and social change of today it assesses the historical heritage present conditions and future possibilities of today's remade media landscape for democratic communications

EBOOK: Co-ordinating Community Care

1993-06-16

an exploration of how people from different professions and agencies work together to meet the health and social needs of people in a community it is about making the most of different skills to meet people's needs and creating satisfying and supportive working groups it is the details of making community care a reality the effectiveness and quality of care a person receives depends on getting the right professionals and services and also on the support given to the person's carers services must be co-ordinated if the person is to benefit but co-ordination is more difficult with the increasing change variety and complexity of health and social services in the 1990s this book challenges the assumptions that services are best co

ordinated by multiprofessional and multi agency teams and that community care teams are broadly similar it demonstrates when a team is needed and how to overcome differences between professions and between agency policies and philosophies drawing on ten years of consultancy research with a variety of teams and services the author gives practical guidance for managers and practitioners about how to set up and improve co ordination and teamwork the book combines practical concerns with theoretical depth drawing on organization and management theory psychology psychoanalysis sociology economics and government studies
