Pulp & Paper Canada Annual and Directory 1983
This directory provides a comprehensive overview of the Canadian pulp and paper industry. It includes detailed information on major companies, their production capacities, and market trends. The directory also lists key personnel within these organizations, facilitating business connections. Additionally, it covers regulatory aspects and environmental concerns relevant to the industry at the time.

Silviculture 1989
This publication focuses on the science and practice of silviculture, the management of forests for the production of wood and other forest products. It covers topics such as site selection, tree species selection, planting, and thinning. The book is a valuable resource for foresters and land managers seeking to optimize forest health and productivity.
