Calvin's New Testament Commentaries 1993-01-01 much of the emerging protestantism of the sixteenth
century produced a reformation in conscious opposition to formal philosophy nevertheless sectors of the
reformation produced a spiritualizing form of platonism in the drive for correct devotion out of an
understandable fear of idolatry or displacement of the uniquely redemptive place of christ christian piety moved
away from the senses and the material world freshly uncovered in the reformation this volume argues however
that in the quest for restoring true religion sectors of the protestant tradition impugned too severely the
material components of prior christian devotion larry harwood argues that a similar spiritualizing tendency can
be found in other christian traditions but that its applicability to the particulars of the christian religion is
nevertheless questionable moreover in that quest of a spiritualizing protestant true religion the christian god
could shade toward the conceptual god of the philosophers with devotees construed as rationalist philosophers
part of the paradoxical result was to propel the protestant devotee toward a denuded worship for material
worshippers of the christian god who became flesh

Hebrews Commenting from Erasmus to Beze 2011-07-20 a major new authoritative and comprehensive
biography shedding new light on the life and personality of the great reformer and the milieu in which he lived
and worked cottret s calvin is not the static theologian of earlier biographies but a man of enormous vigour
constantly on the move in his thinking as well as in his life professor cottret introduces the reader to the world
into which calvin was born and follows him from childhood to humanistic and literary pursuits in basel to
ministry in geneva to the halcyon strasbourg years and finally back to geneva the vital issues of the day are
encountered as it were through calvin s eyes as the author leads the reader through the dramatic upheavals of
sixteenth century europe a classic biography which will be an indispensable resource for students and scholars
for years to come praise for calvin a tour de force cottret has avoided the trap of painting a character who would
have had from the beginning all of the traits of his later years and endeavours to show how calvin became
calvin brilliant le monde this excellent book regards the french reformer with new eyes cottret mixes
seriousness and welcome humour for the public interested in a history of protestanism this book is full of
reflections of the spirit of the reformation les livres du mois bernard cottret is an accomplished and successful
writer he has an idiosyncratic style that mixes narrative and professional bon mots of a cold philosophical
nature cottret is also the first of recent biographers to make extensive use of calvin s sermons many of which
languished unpublished until recently calvin had grave doubts about the publication of such works and thought
them fit only for a local and transitory audience but it is here in this less guarded medium that calvin s skill as a
teacher and expositor shines forth with greatest clarity english historical review

Dutch Review of Church History, Volume 84 (2004) 2004-11-01 reproduction of the original
Denuded Devotion to Christ 2013-01-14 it is b a gerrish s contention in his overview of protestant ideas
gathered together over a number of years that the significance of protestant ideas cannot be appraised
historically if luther is made the sole point of reference or if the reformation is treated as something other than a
critical moment in a larger historical development to which liberal protestantism also belongs nor he maintains

can ideas and doctrines be understood in abstraction from the religious experience they express the old protestantism and the new therefore redresses the present imbalance in historical studies of protestantism by raising questions about the intellectual heritage of the reformers in the modern world gerrish s approach is shaped by three dominant interests luther s relation to other reformers especially calvin the relationship between classical and liberal protestant thought and the patterns of religious experience behind theological formulas the originality of the individual chapters which are written for historians as well as specialists in religious thought is enhanced by the way in which the book as a whole brings together pivotal thinkers including erasmus schleiermacher and barth

Calvin, A Biography 2003-05-22 jean henri merle d aubigné presents the comprehensive scope of religious reform during the sixteenth century through calvin s life and the church in geneva he outlines the people places and ideas that shaped the reformation in france england spain germany italy denmark norway sweden and the netherlands according to the author the main theme of this book is the renovation of the individual of the church and of the human race following this thought the whole book proves that reformation resulted in political emancipation and brought about a new understanding of human freedom which influenced the history of the three following centuries

History of the Reformation in Europe in the Time of Calvin 2023-08-03 how does john calvin view the church and how does the pivotal event of pentecost influence his view on the church in his commentary on the acts of the apostles calvin shows how pentecost and the preaching of the gospel gives rise to the church for calvin the new and peculiar aspect of pentecost is articulated by the phrases i will pour out and on all flesh acts 2 17 the first phrase i will pour out leads to a discussion of the holy spirit who leads the church and the believers by the word and his secret guidance all gifts flow from the holy spirit therefore the study focuses on calvin s view on the gifts of the holy spirit and on their use in church the author argues that the gifts of the spirit are the basis of calvin s interpretation of christian church the second phrase on all flesh leads to a discussion of the inclusion of the gentiles in the church the author treats different ecclesiological topics of importance he analyses the most important aspects of church that calvin identifies in the book of acts his reflections are aiming at a convincing theological appreciation of the sacraments in particular of the sacrament of baptism by addressing calvin s thoughts as elements of his historical context and including contemporary impulses to these issues the author is able to present conclusive arguments for his main claim calvin s commentary on acts enriches and qualifies calvin s own systematic ecclesiology as found in his main doctrinal work the institutes

The Old Protestantism and the New 2004-07-09 historians have credited or blamed calvinism for many developments in the modern world including capitalism modern science secularization democracy individualism and unitarianism these same historians however have largely ignored john calvin the man when people consider him at all they tend to view him as little more than the joyless tyrant of geneva who created an abstract theology as forbidding as himself this volume written by the eminent historian william j bouwsma who has devoted his career to exploring the larger patterns of early modern european history seeks to redress these common misconceptions of calvin by placing him back in the proper historical context of his time eloquently depicting calvin s life as a french exile a humanist in the tradition of erasmus and a man unusually sensitive to the complexities and contradictions of later renaissance culture bouwsma reveals a surprisingly human plausible ecumenical and often sympathetic calvin john calvin offers a brilliant reassessment not only of calvin but also of the reformation and its relationship to the movements of the renaissance

History of the Reformation in Europe in the Time of Calvin (Vol. 1-8) 2023-11-24 david c parker is one of the world s foremost specialists in the study of the new testament text and of greek and latin manuscripts in addition to editions monographs and more popular writings he has published many articles on different aspects of textual criticism this volume brings together twentyfive of them in a revised and updated version the collection is divided into three topics the first deals with manuscript studies as well as three very different studies of codex bezae there are articles and reports on individual manuscripts and classes of manuscripts and reports on visits to libraries the second section has the theme of textual criticism it includes broader studies dealing with the theory of the discipline and more detailed discussions of particular problems including translations into latin techniques for grouping greek manuscripts and the comparison of modern editions the third section contains papers in which parker has discussed the often overlooked relationship between textual criticism and theology these studies explore particular textual problems and their wider significance and cover topics as varied as jesus and textual criticism calvin s biblical text and the early tradition of jesus sayings on divorce

The Beginning of a Spirit-filled Church 2017-11-13 john calvin saw this world as god s theater where his glory is always on display just as day and night pour forth speech the universe and history are not silent either they tell the glory of god reflecting on over 500 years of calvin s legacy john piper and this book s other contributors

invite us to join calvin in the theater of god stemming from the desiring god 2009 national conference this volume includes chapters by julius kim douglas wilson marvin olasky mark talbot sam storms and john piper it touches on topics such as calvin s life the christian meaning of public life sin and suffering the joy of the last resurrection and jesus christ as the dénouement of god s story editors john piper and david mathis along with the contributors make john calvin s christ exalting perspective on the glory of god accessible to today s readers both calvinists and other evangelicals interested in the life and work of calvin will find these essays refreshing and instructive leading to a robust understanding of the world as the theater of god

John Calvin 1989-03-17 the ancient philosophy of stoicism has been a crucial and formative influence on the development of western thought since its inception through to the present day it is not only an important area of study in philosophy and classics but also in theology and literature the routledge handbook of the stoic tradition is the first volume of its kind and an outstanding guide and reference source to the nature and continuing significance of stoicism comprising twenty six chapters by a team of international contributors and organised chronologically the handbook is divided into four parts antiquity and the middle ages including stoicism in rome stoicism in early christianity the platonic response to stoicism and stoic influences in the late middle ages renaissance and reformation addressing the impact of stoicism on the italian renaissance reformation thought and early modern english literature including shakespeare early modern europe including stoicism and early modern french thought the stoic influence on spinoza and leibniz stoicism and the french and scottish enlightenment and kant and stoic ethics the modern world including stoicism in nineteenth century german philosophy stoicism in victorian culture stoicism in america stoic themes in contemporary anglo american ethics and the stoic influence on modern psychotherapy an invaluable resource for anyone interested in the philosophical history and impact of stoic thought the routledge handbook of the stoic tradition is essential reading for all students and researchers working on the subject

Manuscripts, Texts, Theology 2009-07-14 offers a comprehensive understanding of calvin and the scope of his work and writing in a clear accessible fashion

With Calvin in the Theater of God 2010-09-01 there is a predictable tendency when teaching the history of western political philosophy to cover the classical worthies such as plato aristotle seneca cicero augustine and aquinas then such moderns as machiavelli locke hobbes smith rousseau mill and tribe are walked onto front stage as embodying the liberal tribe the next step on the theoretical trail is to touch down on trendy postmodern thinkers and so the tale unfolds from beginning to end if much time is spent in doing political theology in the 16th century most apt and pertinent in 2017 october 1517 being the posting of luther s 95 theses on the door of wittenberg luther and calvin are highlighted as forging the protestant political way anabaptists mennonites the pacifist alternate to the magisterial tradition it is somewhat troubling that political thinkers such as thomas more erasmus and richard hooker are often omitted or marginalized in such an overview of western political thought this has led to some degree to the closing of the mind and a reducing of it to the smallest liberal circle turns more and erasmus were close friends and their vision of the common good and just peacemaking tracked a different trail from that of machiavelli luther and calvin hooker of course brings together the political vision of the elizabethan consensus but it is to erasmus that although mostly studied as a biblical scholar we turn in this book erasmus was solidly committed to engaging the public sphere in a just irenic and dovish manner such an idealistic vision came as both an affront to the protestant magisterial reformers and roman catholics of a tridentine persuasion but erasmus was no absolute pacifist he was very much the nimble subtle and nuanced owl of his age ever finding a thoughtful and navigating a thoughtful pathway between the pacifist doves and warlike hawks erasmus at a more popular level is known for praise of folly the colloquies and adages but the education of a christian prince raises the level of political thought to a higher pitch and place such general surveys of erasmus political thinking as erasmus and our struggle for peace peace protests 1950 the better part of valor more erasmus colet and vives on humanism war and peace 1496 1535 1962 and the politics of erasmus 1978 make it abundantly clear how and why erasmus understands the role of political thinking and action in a way that diverges from luther calvin and machiavelli hobbes and locke why is erasmus regularly ignored in the study of political philosophy his vision still lingers on even though many who have affinities with his thinking know little about him the fact that one of the most pre eminent legal theorists of 17th century hugo grotius was shaped and informed by erasmus does need to be duly noted much of the work of the united nations and international law is indebted to grotius via erasmus most forms of political realism find their leading opponent in erasmus so why is erasmus regularly ignored in the narrative of western political philosophy there is a variety of ways to answer such a question and it is the hope of this book that by the end the reasons for studying erasmus will be amply clear erasmus was much too wise and judicious a political thinker to pit the state against society the former often demonized the latter often idealized erasmus realized only too keenly and clearly that state and society need to work together for the common good each a

check and balancing force to correct the aberrations and limitation of each other from the introduction

The Routledge Handbook of the Stoic Tradition 2016-02-12 this thought provoking book begins with an historiography of calvinist political theory and interpretations definitions of natural law narrative of individuals ancient greece to protestant reformation who contributed to natural law biography of john calvin including his philosophy and his political theory description of how calvinist political theory developed between 1559 and 1649 biography of john locke his theology and his political theory the book concludes with a redefinition of calvinist political theory

John Calvin as Teacher, Pastor, and Theologian 2006-05 the routledge history of emotions in europe 1100 1700 presents the state of the field of pre modern emotions during this period placing particular emphasis on theoretical and methodological aspects of current research this book serves as a reference to existing research practices in emotions history and advances studies in the field across a range of scholarly approaches it brings together the work of recognized experts and new voices and represents a wide range of international and interdisciplinary perspectives from different schools of research practice including art history literature and culture philosophy linguistics archaeology and music throughout the book central and recurrent themes in emotional culture within medieval and early modern europe are highlighted from different angles and each chapter pays specialist attention to illustrative examples showing theory and method in application exploring topics such as love war sex and sexuality death time the body and the family in the context of emotional culture the routledge history of emotions in europe 1100 1700 reflects the sharp rise in scholarship relating to the history of emotions in recent years and is an essential resource for students and researchers of the history of pre modern emotions

Erasmus 2017-12-17 exploring the relationship between critical reading and creative imitation of the works of erasmus by montaigne rabelais and marot this work utilizes erasmus s exegetical writings and his colloquies in order to demonstrate how religious ethical and moral problems were treated in remarkably similar ways by erasmus montaigne rabelais and marot in addition to introductory and concluding chapters the work contains three chapters which explore the creative imitation of erasmus s work by these three writers

A History of the Doctrine of the Work of Christ 2001-01-23 the unbridled tongue looks at gossip rumour and talking too much in renaissance france in order to uncover what was specific about these practices in the period taking its cue from erasmus s lingua in which both the subjective and political consequences of an idle and unbridled tongue are emphasised the book investigates the impact of gossip and rumour on contemporary conceptions of identity and political engagement emily butterworth discusses prescriptive literature on the tongue and theological discussions of pentecost and prophecy and then covers nearly a century in chapters focused on a single text rabelais s tiers livre marguerite de navarre s heptaméron ronsard s discours des misères de ce temps montaigne s des boyteux brantôme s dames galantes and the anonymous caquets de l accouchée in covering the long sixteenth century the book is able to investigate the impact of the french wars of religion on perceptions of gossip and rumour and place them in the context of an emerging public sphere of political critique and discussion principally through the figure of the public voice which although it was associated with unruly utterance was nevertheless a powerful rhetorical tool for the expression of grievances the cynic virtue of parrhesia or free speech is similarly ambivalent in many accounts oscillating between bold truth telling liberté and disordered babble licence drawing on modern and pre modern theories of the uses and function of gossip the book argues that despite this ambivalence in descriptions of the tongue gossip and idle talk were finally excluded from the public sphere by being associated with the feminine and the irrational

Monthly Weather Review 1894 a distinguished group of authors here illuminate a broad spectrum of themes in the history of biblical interpretation originally published in 1990 these essays take as their common ground the thesis that the intellectual and religious life of the sixteenth century cannot be understood without attention to the preoccupation of sixteenth century humanists and theologians with the interpretation of the bible topics explored include jewish exegesis and problems of old testament interpretation and the relationship between the bible and social political and institutional history contributors irena backus guy bedouelle kalman p bland kenneth g hagen scott h hagen scott h hendrix r gerald hobbs jean claude margolin h c erik midelfort richard a muller john b payne david c steinmetz

Natural Law and Calvinist Political Theory 2004-02 this volume covers a period of major change that had a lasting impact on art science economics political thought and education rudolph w heinze examines the various positions taken by medieval church reformers explores the efforts of the leading reformer martin luther and emphasises how the reformations brought moral and doctrinal changes to christianity permanently altering the religious landscape then and now

The Routledge History of Emotions in Europe 2019-06-25 explores the history of christian thought by imagining a series of conversations among key figures in church history

Montaigne, Rabelais, and Marot as Readers of Erasmus 1995 including classical modern and postmodern approaches to theological anthropology this volume covers the entire spectrum of thought on the doctrines of creation the human person as imago dei sin and grace the editors have gathered an exceptionally diverse range of voices ensuring ecumenical balance protestant roman catholic and orthodox and the inclusion of previously neglected perspectives women african american asian latinx and lgbtq the contributors revisit authors from the great tradition early church medieval and modern and discuss them alongside critical and liberationist approaches ranging from feminist decolonial and intersectional theory to critical race theory and queer performance theory this is a much needed overview of a rapidly evolving field

The Unbridled Tongue 2016-02-11 revising dominant accounts of puritanism and challenging the literary history of sentimentalism sympathetic puritans argues that a calvinist theology of sympathy shaped the politics religion rhetoric and literature of early new england scholars have often understood and presented sentimentalism as a direct challenge to stern and stoic puritan forebears the standard history traces a cult of sensibility back to moral sense philosophy and the scottish enlightenment not puritan new england abram c van engen has unearthed pervasive evidence of sympathy in a large archive of puritan sermons treatises tracts poems journals histories and captivity narratives he demonstrates how two types of sympathy the active command to fellow feel a duty as well as the passive sign that could indicate salvation a discovery permeated puritan society and came to define the very boundaries of english culture affecting conceptions of community relations with native americans and the development of american literature van engen re examines the antinomian controversy conversion narratives transatlantic relations puritan missions mary rowlandson s captivity narrative and puritan culture more generally through the lens of sympathy demonstrating and explicating a calvinist theology of sympathy in seventeenth century new england the book reveals the religious history of a concept that has previously been associated with more secular roots

Holy Communion in the Piety of the Reformed Church 2020-04-13 well known scholars and poets living in sixteenth century france including erasmus ronsard calvin and rabelais promoted elite satire that corrected vices but spared the person yet this period torn apart by religious differences also saw the rise of a much cruder personal satire that aimed at converting readers to its ideological religious and increasingly political ideas by focusing on popular pamphlets along with more canonical works less rightly said shows that the satirists did not simply renounce the moral ideal of elite humanist scholarship but rather transmitted and manipulated that scholarship according to their ideological needs szabari identifies the emergence of a political genre that provides us with a more thorough understanding of the culture of printing and reading of the political function of invectives and of the general role of dissensus in early modern french society

The Bible in the Sixteenth Century 1990-01-30 what are non christian religions how is god related to them how do they relate to christianity in this original book iain mcgee explores five christian theologians answers to these questions the study spans the history of the church covering figures from four different continents justin martyr augustine john calvin jonathan edwards and daniel strange focusing on the revelation religion interface in the writings of these scholars mcgee outlines and analyzes their varied understandings of logos illumination the prisca theologia and the demonic alongside the relationships between them and their impact on non christian religion mcgee forwards an argument that each theology can be considered a biblically informed contextually reflective and reactive response to significant religious challenges faced by these christian thinkers in their attempts to demonstrate the uniqueness of the christian faith

Reform and Conflict 2012-10-18 on march 11 2011 from deep within the earth s crust enormous forces drove tectonic plates toward over another in the collision one plate riding over the other displaced massive amounts of water the displaced water began racing toward the japanese shoreline each mile exponentially increasing in its fury coming ashore in japan the tsunami swept aside everything in its path as if they were small toys in sixteenth century europe there also was a collision of changing environmental technological educational and political forces like the energy created by colliding tectonic plates in 2011 these surging and chaotic waters emerged from within the depths of human experiences and spiritual yearnings through the guiding hands of the holy spirit these waters swept up the reformation movement emptying it into theological lakes and streams across europe therefore to understand the reformation movement one needs to comprehend these varied forces that moved it into reality the book further details the resulting contributions of the reformation movements within germany switzerland the british isles france and the netherlands in conclusion the author addresses the lasting legacy of the reformation for contemporary society and the means for a new congregational and governing body reformation today
