Amend the Constitution to Abolish the Electoral College System

1951

abolish criminology presents critical scholarship on criminology and criminal justice ideologies and practices alongside emerging freedom driven visions and practices for new world formations the book introduces readers to a detailed history and analysis of crime as a concept and its colonizing trajectories into existence and enforcement these significant contexts buried within peculiar academic histories and classroom practices are often overlooked or unknown outside academic and public discussions causing the impact of racializing gendering sexualizing histories to extend and grow through criminology s creation of crime extending how the concept is weaponized and enforced through the criminal legal system it offers written visual and poetic teachings from the perspectives of students professors imprisoned and formerly imprisoned persons and artists this allows readers to engage in multi sensory inter disciplinary and multi perspective teachings on criminology s often discussed but seldom interrogated mythologies on violence and danger and their wide reaching enforcements through the criminal legal system s research theories agencies and dominant cultures abolish criminology serves the needs of undergraduate and graduate students and educators in the social sciences arts and humanities it will also appeal to scholars researchers policy makers activists community organizers social movement builders and various reading groups in the general public who are grappling with increased critical public discourse on policing and criminal legal reform or abolition

Amend the Constitution to Abolish the Electoral College System

1951

abolish social work as we know it responds to the timely and important call for police abolition by analyzing professional social work as one alternative commonly proposed as a ready made solution to ending police brutality drawing on both historical analysis and lessons learned from decades of organizing abolitionist and decolonizing practices within the field and practice of social work including social service community organizing and other helping fields this book is an important contribution in the discussion of what abolitionist social work could look like this edited volume brings together predominantly bipoc and queer trans social work survivors community based activists educators and frontline social workers to propose both an abolitionist framework for social work practice and a transformative framework that calls for the dissolution and restructuring of social work as a profession rejecting the practices and values encapsulated by professional social work as embedded in carceral and colonial systems abolish social work as we know it moves us towards a social work framework guided by principles of mutual aid accountability and relationality led by indigenous black queer trans racialized immigrant disabled poor and other communities for whom social work has inserted itself into their lives

Abolish Criminology

2023-08-25

the past half century has produced a mass of information regarding slave resistance ranging from individual acts of disobedience to massive uprisings many of these acts of rebellion have been studied extensively yet the ultimate goals of the insurgents remain open for discussion recently several historians have suggested that slaves achieved their own freedom by

resisting slavery which counters the predominant argument that abolitionist pressure groups parliamentarians and the governmental and anti governmental armies of the various slaveholding empires were the prime movers behind emancipation marques one of the leading historians of slavery and abolition argues that in most cases it is impossible to establish a direct relation between slaves uprisings and the emancipation laws that would be approved in the western countries following this presentation his arguments are taken up by a dozen of the most outstanding historians in this field in a concluding chapter marques responds briefly to their comments and evaluates the degree to which they challenge or enhance his view

Let's Abolish Government

2008

this book contains interviews conducted over more than a decade with experts of all descriptions including daniel ellsberg seymour hersh gar alperovitz hans kristensen gordon prather joe cirincione and more about the threat of nuclear war between major and minor powers the nuclear arms industrial complex the nuclear programs and weapons of the so called rogue states of iraq iran syria israel and north korea the bitter truths and eternal lessons of america s nuclear bombing of japan in world war ii and the dedicated activists working to abolish the bomb for all time

Abolish Social Work (As We Know It)

2021-01-01

former insider turned critic wendy liu busts the myths of the tech industry and offers a galvanising argument for why and how we must reclaim technology s potential for the public good former insider turned critic wendy liu busts the myths of the tech industry and offers a galvanising argument for why and how we must reclaim technology s potential for the public good lucid probing and urgent wendy liu manages to be both optimistic about the emancipatory potential of tech and scathing about the industry that has harnessed it for bleak and self serving ends naomi klein author of on fire the burning case for a green new deal an inspiring memoir manifesto technologists all over the world are realizing that no amount of code can substitute for political engagement liu s memoir is a road map for that journey of realization cory doctorow author of radicalized and little brother innovation meritocracy the possibility of overnight success what s not to love about silicon valley these days it s hard to be unambiguously optimistic about the growth at all costs ethos of the tech industry public opinion is souring in the wake of revelations about cambridge analytica theranos and the workplace conditions of amazon workers or uber drivers it s becoming clear that the tech industry s promised innovation is neither sustainable nor always desirable abolish silicon valley is both a heartfelt personal story about the wasteful inequality of silicon valley and a rallying call to engage in the radical politics needed to upend the status quo going beyond the idiosyncrasies of the individual founders and companies that characterise the industry today wendy liu delves into the structural factors of the economy that gave rise to silicon valley as we know it ultimately she proposes a more radical way of developing technology where innovation is conducted for the benefit of society at large and not just to enrich a select few

Who Abolished Slavery?

1948

we live in a culture of credit as wages have stagnated we've seen a dramatic surge in private borrowing across the western world increasing numbers of households are sucked into a hopeless vortex of spiralling debt fuelled by exploitative lending in this book johnna montgomerie argues that the situation is chronically dysfunctional both individually and collectively she shows that abolishing household debts can put an end to austerity and to the unsustainable forward march of debt dependent growth she combines astute economic analysis with the elements of an accessible guide to practical policy solutions such as extending unconventional monetary policy to the household sector providing pragmatic and affordable refinancing options and writing off the most pernicious elements of household debt this framework she contends can help us to make our economy fairer and to tackle both the housing crisis and accelerating inequality

To Abolish the Jackson Hole National Monument, Wyo

1948

one of the most controversial subjects in criminal law is whether or not we should continue to use capital punishment as the ultimate punitive sanction the intended focus of the problem with capital punishment and why it should be abolished in america is to take a harsh critical look at theories in support of the use of this form of punishment and expose the truth about capital punishment it is extremely costly it is arbitrarily applied there have been too many innocent persons exonerated from death row and the only consistency with execution seems to be that of the mentally ill the poor and those without adequate legal representation and by using methods that are inhumane and cruel and unusual this book shows that our current system of capital punishment is fraught with error insanely expensive and administered in such a manner that the possibility of executing a completely innocent person is not only possible but likely if we continue upon our present course after reading this book the reader will be left with no reasonable doubt that the time has come to abolish capital punishment in america

To Abolish the Jackson Hole National Monument, Wyo., Hearings Before the Subcommittee on Public Lands of ... 80-1, on H.R. 1330 ..., April 14, 15, 16, 17, 18, 1947

1890

ronald reagan's strategic defense initiative sdi has puzzled scholars and commentators some have claimed that it was a purely political maneuver while others have explained it as a ruse conjured up by presidential advisers to weaken soviet resolve these assumptions however fail to acknowledge the depth of reagan's involvement in nuclear abolition and how passionately committed reagan was to the pursuit of this goal in ronald reagan and his quest to abolish nuclear weapons paul lettow renders untenable the persistent belief that reagan was an ideologically shallow figurehead reagan's wish to ban nuclear armament first came to light in 1945 just months after the hiroshima and nagasaki bombings while sidestepping political partisanship lettow demonstrates that scholars and historians have largely neglected to assess properly the influence

of reagan s ideal and how it led to one of the most important if the least understood of reagan s accomplishments in a narrative that covers the start of reagan s presidency and the 1986 reykjavik summit between reagan and soviet leader mikhail gorbachev during which sdi was a defining issue we see sdi for what it was a full on assault against nuclear weapons waged as much through policy as through ideology while cabinet members and advisers secretary of state george shultz and defense secretary caspar weinberger among them played significant roles it was ronald reagan himself who presided over every element large and small of this paradigm shift in u s diplomacy lettow conducted interviews with former reagan officials four of his six national security advisers both of his ambassadors to the ussr and both of his defense secretaries he also draws upon the vast body of declassified security documents from the reagan presidency much of what he quotes from these documents appears publicly here for the first time the result is the first major work to apply such evidence to the study of sdi and superpower diplomacy in ronald reagan and his quest to abolish nuclear weapons paul lettow does not simply add nuance to the existing record he revises our very understanding of the reagan presidency

Report of the Commissioner of Education to the Governor

2022-07-09

a veritable globalization for dummies 10 reasons to abolish the imf world banklays bare the most common myths of globalization in a clear and understandable way looking with hope to grassroots movement building on a global scale danaher presents ten arguments for abolishing the imf and world bank and replacing them with democratic institutions that would make the global economy more accountable to an informed and active citizenry conceived as an effort to educate the public about how international institutions of free trade are widening the gap between the rich and poor globally danaher reveals how the lending policies of the imf and the world bank fail to benefit third world peoples and instead line the pockets of undemocratic rulers and western corporations while threatening local democracies and forcing cuts to social programs through anecdotes analysis and innovative ideas danaher argues that the imf and the world bank undermine our most basic democratic values and calls for reframing the terms on which international economic institutions are operated using the principles of environmental sustainability social justice and human rights
