this title was first published in 2002 gesa stedman mines the vein of emotion in victorian writing to unearth new insights into the ways literature responded to the dramatic social and political changes then taking place contemporary research from various disciplines including sociology ethnology and history inform this study which juxtaposes canonical material such as dickens hard times charlotte bronte s shirley and germaine de stael s corinne with popular novels and non fictional texts such as the education of the heart by sarah ellis and darwin s on the expression of the emotions in man and animals the analysis deals with emotions applying to both genders but includes a special section examining the representation of emotion in relation to women the book aims to provide new insight into the literature of the period and brings to light new material for scholars interested in the philosophy and psychology of emotions

From a Trickle to a Torrent *2018-10-30*

what happens to a community when the majority of young people leave their homes to pursue an education from a trickle to a torrent documents the demographic and social consequences of educational migration from nubri a tibetan enclave in the highlands of nepal the authors explore parents motivations for sending their children to distant schools and monasteries social connections that shape migration pathways young people s estrangement from village life and dilemmas that arise when educated individuals are unable or unwilling to return and reside in their native villages drawing on numerous decades of research this study documents a transitional period when the future of a himalayan society teeters on the brink of irreversible change

United States Government Publications Monthly Catalog *1947*

this book provides an up to date survey of durability issues with a particular focus on specification and design and how to achieve durability in actual concrete construction it is aimed at the practising engineer but is also a valuable resource for graduate level programs in universities along with background to current philosophies it gathers together in one useful reference a summary of current knowledge on concrete durability includes information on modern concrete materials and shows how these materials can be combined to produce durable concrete the approach is consistent with the increasing focus on sustainability that is being addressed by the concrete industry with the current emphasis on design for durability

The romance of Guy of Warwick, the 1st or 14th-century version, ed. from the Auchinleck ms. and from ms. 107 in Caius college, Cambridge by J. Zupitza *1883*
