Timeless Leadership Truths

2019-08-06

the origins of business strategy are found in military applications generals throughout history faced formidable challenges as they crafted plans to outmaneuver competing forces acquire territory and gain power similarly business leaders also look to outmaneuver their rivals as they enter new markets against entrenched competitors secure a strong market position and expand their companies influence although the destructive aspects of war are not present in business there is a reasonable parallel such as the bankruptcies of once mighty companies which resulted in layoffs of thousands of employees and the closings of numerous plants then there was the devastating economic impact and societal disruption that created demoralizing misery among large groups of individuals in once flourishing areas worldwide the intent of the book is to improve managers ability to think strategically the further aim is to blend the timeless lessons of military strategy into business plans with impact in grassroots engagement with customers as well as the inevitable clashes with competitors in addition readers can access a body of knowledge that has endured in written form and practiced by successful leaders for centuries as such managers will hold a competitive edge in an evolving digital age marketplace

2013-09-30

mainstay reference guide for wealth management newly updated for today's investment landscape for over a decade the new wealth management the financial advisor's guide to managing and investing client assets has provided financial planners with detailed step by step guidance on developing an optimal asset allocation policy for their clients and it did so without resorting to simplistic model portfolios such as lifecycle models or black box solutions today while the new wealth management still provides a thorough background on investment theories and includes many ready to use client presentations and questionnaires the guide is newly updated to meet twenty first century investment challenges the book includes expert updates from chartered

financial analyst cfa institute in addition to the core text of 1997's first edition endorsed by investment luminaries Charles Schwab and John Bogle presents an approach that places achieving client objectives ahead of investment vehicles applicable for self study or classroom use now as in 1997 the new wealth management effectively blends investment theory and real world applications and in today's new investment landscaped this update to the classic reference is more important than ever

The New Wealth Management
