the essential tagore showcases the genius of india s rabindranath tagore the first asian nobel laureate and possibly the most prolific and diverse serious writer the world has ever known marking the 150th anniversary of tagore s birth this ambitious collection the largest single volume of his work available in english attempts to represent his extraordinary achievements in ten genres poetry songs autobiographical works letters travel writings prose novels short stories humorous pieces and plays in addition to the newest translations in the modern idiom it includes a sampling of works originally composed in english his translations of his own works three poems omitted from the published version of the english gitanjali and examples of his artwork tagore s writings are notable for their variety and innovation his sonar tari signaled a distinctive turn toward the symbolic in bengali poetry the lord of life from his collection chitra created controversy around his very personal concept of religion chokher bali marked a decisive moment in the history of the bengali novel because of the way it delved into the minds of men and women the skits in vyangakautuk mocked upper class pretensions prose pieces such as the problem and the cure were lauded by nationalists who also sang tagore s patriotic songs translations for this volume were contributed by tagore specialists and writers of international stature including amitav ghosh amit chaudhuri and sunetra gupta

The Essential Tagore 2018-09-20

strategic thinking for a writer articulates itself as dislike and as allegiance in this wonderfully rich and diverse collection of essays amit chaudhuri explores the way in which writers understand and promote their own work in antithesis to writers and movements that have gone before chaudhuri s criticism disproves and questions several assumptions that a serious and original artist cannot think critically in a way that matters that criticism can t be imaginative and creative work contain radical argumentation that a writer reflecting on their own position and practice cannot be more than a testimony of their work but open up how we think of literary history and reading illuminating new ways of thinking about western and non western traditions prejudices and preconceptions chaudhuri shows us again that he takes nothing as a given literary tradition the prevalent definitions of writing and culture and the way the market determines the way culture and language express themselves he asks us to look again at what we mean by the modern and how it might be possible to think of the literary today

The Origins of Dislike 2017-10-23

with so many new education technologies being developed and made available to schools how do teachers ensure they select resources that enhance inclusive teaching in the classroom how can you make sure new technologies are integrated into every day teaching this new text supports trainee and beginning teachers to harness the power of technology to make their classrooms truly inclusive it helps you make informed selections of new technology and resources and make them work for

everyone in your classroom along with clear guidance on how to implement an inclusive approach to the use of technology across a broad range of needs and curriculum themes linking practical examples with discussion of pedagogical considerations this practical book focuses on cutting edge technologies supports teachers to develop the knowledge and skills they need offers advice on how to assess individual learning and communication needs develops an understanding of the pedagogy needed to embed inclusive technology within whole class teaching

Technology for SEND in Primary Schools 2014-07-25

this accessible text will show students and class teachers how they can enable their pupils to become critical thinkers through the medium of picturebooks by introducing children to the notion of making meaning together through thinking and discussion roche focuses on carefully chosen picturebooks as a stimulus for discussion and shows how they can constitute an accessible multimodal resource for adding to literacy skills while at the same time developing in pupils a far wider range of literary understanding by allowing time for thinking about and digesting the pictures as well as the text and then engaging pupils in classroom discussion this book highlights a powerful means of developing children s oral language ability critical thinking and visual literacy while also acting as a rich resource for developing children s literary understanding throughout roche provides rich data and examples from real classroom practice this book also provides an overview of recent international research on doing interactive read alouds on what critical literacy means on what critical thinking means and on picturebooks themselves lecturers on teacher education courses for early years or primary levels classroom teachers pre service education students and all those interested in promoting critical engagement and dialogue about literature will find this an engaging and very insightful text

Developing Children's Critical Thinking through Picturebooks 2019-09-06
