Historic Figures of the Arthurian Era

2015-07-11

an interdisciplinary and trans historical investigation of the representation of ethics in arthurian literature from its earliest days the arthurian legend has been preoccupied with questions of good kingship the behaviours of a ruling class and their effects on communities societies and nations both locally and in imperial and colonizing contexts ethical considerations inform and are informed by local anxieties tied to questions of power and identity especially where leadership service and governance are concerned they provide a framework for understanding how the texts operate as didactic and critical tools of these subjects this book
