2017

Smith, Hogan and Ormerod's Essentials of Criminal Law provides an ideal gateway into the dynamic world of criminal law. Focused expert coverage, a hallmark of the Smith, Hogan and Ormerod books, is supported by a wealth of student-friendly learning features that enhance learning in this ideal introduction for first-time students. Dr John Child and Professor David Ormerod, QC, expertly guide new undergraduate readers through the subject, addressing all the key topics. On the LLB, complex issues are demystified and explained, offering a clear understanding of offences, defences and principles that underlie them. Particular attention is paid to student assessment, with end-of-chapter sections offering advice on how to approach essay and problem questions. Short learning and assessment tips are provided throughout the chapters. Online resources: a range of online resources are provided to further a student's understanding, including video tutorials from the authors and students' examination questions with answer guidance from the authors, multiple-choice questions, chapter summaries and further reading.

Smith, Hogan, and Ormerod's Essentials of Criminal Law

2019-05-22

Smith and Hogan Criminal Law is regarded as the leading doctrinal textbook on criminal law in England and Wales and has been for almost 40 years. The legal principles and rules involved in criminal law are often complex and technical. It is essential therefore that students have a clear and comprehensive account of the law to guide their study. For generations of students, Smith and Hogan Criminal Law has fulfilled that need. It provides a detailed and critical exposition of the general principles of criminal liability and the law of the most important crimes. Its authoritative nature renders it popular with practitioners and leads to its frequent citation by the courts. The book is complimented by an online resource centre providing updates and useful weblinks.

Criminal Laws in Australia

2006

this second edition of what was in 1999 an acclaimed work has been completely rewritten in approaching this the authors have considerably increased the analysis of the

theoretical aspects of criminal law and strengthened citations of academic literature and comparative case law while keeping the narrative concise and focused for easy use by practitioners key benefits to readers include a complete overview of criminal law theory a new series of chapters on the law of evidence as it applies in the fraught circumstances of a criminal trial a much more analytical approach to the general part and to criminal defences and the comprehensive coverage of all the major and many minor areas of indictable crime since the last edition commentary and case law on sexual offences has proliferated as have legislative interventions a completely new scheme for dealing with property offences was necessitated by a series of recent statutes company law and competition offences have assumed a greater significance and the range of offences covered has had to be increased in order to ensure a comprehensive coverage of this most sensitive and politically charged aspect of law

An Introduction to International Criminal Law and Procedure

2010-05-27

this collection of essays honours the work of sir gerald gordon cbe qc lld 1929 in modern times few if any individuals can have been as important to a single country's criminal law as sir gerald has been to the criminal law of scotland his monumental work the criminal law of scotland 1967 is the foundation of modern scottish criminal law and is recognised internationally as a major contribution to academic work on the subject elsewhere he has made significant contributions as an academic judge and as a member of the scottish criminal cases review commission reflecting the academic rigour and practical application of sir gerald's work this volume includes essays on criminal law theory substantive law and evidence and procedure by practitioners and academics within and outside of scotland including contributions from england ireland and the usa

Sourcebook Criminal Law

2001

the purpose of this book is to find a unified approach to the doctrine of mens rea in the sphere of international criminal law based on an in depth comparative analysis of different legal systems and the jurisprudence of international criminal tribunals since nuremberg part i examines the concept of mens rea in common and continental legal systems as well as its counterpart in islamic shari'a law part ii looks at the jurisprudence of the post second world war trials the work of the international law commission and the concept of genocidal intent in light of the travaux préparatoires of the 1948 genocide convention further chapters are devoted to a discussion of the boundaries of mens rea in the jurisprudence of the international criminal tribunals for the former yugoslavia and rwanda the final chapter examines the definition of the mental element as provided for in article 30 of the statute of the international criminal court in light of the recent decisions delivered by the international criminal court the study also examines the general principles that underlie the various approaches to the mental elements of crimes as well as the subjective element required in perpetration and participation in crimes and the interrelation between mistake of law and mistake of fact with the subjective element with a foreword by professor william schabas and an epilogue by professor roger clark from the foreword by william schabas mohamed elewa badar has taken this complex landscape of mens rea at the international level and prepared a thorough well structured monograph this book is

destined to become an indispensable tool for lawyers and judges at the international tribunals from the epilogue by professor roger clark this is the most comprehensive effort i have encountered pulling together across legal systems the general part themes especially about the mental element found in confusing array in the common law the civil law and islamic law in this endeavour dr badar s researches have much to offer us

Criminal Law

2019

criminal cases raise difficult normative and legal questions and are often a consequence of compelling human drama in this collection expert authors place leading cases in criminal law in their historical and legal contexts highlighting their significance both in the past and for the present the cases in this volume range from the fifteenth to the twenty first century many of them are well known to modern criminal lawyers and students others are overlooked landmarks that deserve reconsideration the essays often based on extensive and original archival research range over a wide spectrum of criminal law covering procedure and doctrine statute and common law individual offences and general principles together the essays explore common themes including the scope of criminal law and criminalisation the role of the jury and the causes of change in criminal law

The Role of Emotions in Criminal Law Defences

2011-09-29

the subject of intention in the criminal law is currently causing many debates among criminal lawyers this compelling and probing volume addresses two key questions should the criminal law distinguish between direct intention and recklessness and what should the law be concerning cases of oblique intention i e cases in which the actor does not act in order to cause the proscribed result but is nevertheless practically certain that his or her action will cause it the discussion is divided into two parts with the first being devoted to the question of whether it is justified to grade offences based on the distinction between intention and recklessness the second part deals with offences in which intention is required as a condition for the criminalisation of the conduct and in the context of which reckless actors are not exposed to criminal liability the book explores the issue of intention from the viewpoint of degrees of moral culpability and it discusses inter alia the doctrine of double effect the possibility that the law in cases of oblique intention should not be the same for all crimes of intention and the possibility of using a moral formula in the definition of certain offences the discussion also addresses many other criminal law issues including the philosophy of punishment the role of motives in determining degrees of blameworthiness sentencing stigma and criminal attempts
