originally published grand rapids mich zondervan publishing house c1991

## **A New Topographical Dictionary of Ancient Rome 1992-10**

jesus christ is arguably the most famous man who ever lived his image adorns countless churches icons and paintings he is the subject of millions of statues sculptures devotional objects and works of art everyone can conjure an image of jesus usually as a handsome white man with flowing locks and pristine linen robes but what did jesus really look like is our popular image of jesus overly westernized and untrue to historical reality this question continues to fascinate leading christian origins scholar joan e taylor surveys the historical evidence and the prevalent image of jesus in art and culture to suggest an entirely different vision of this most famous of men he may even have had short hair

## **Food and Eating in Medieval Europe 1998-07-01**

perhaps no other group of people has been as much formed by biblical texts and tropes as african americans from literature and the arts to popular culture and everyday life the bible courses through black society and culture like blood through veins despite the enormous recent interest in african american religion relatively little attention has been paid to the diversity of ways in which african americans have utilized the bible african americans and the bible is the fruit of a four year collaborative research project directed by vincent l wimbush and funded by the lilly endowment it brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies as well as art music film dance drama and literature the focus is on the interaction between the people known as african americans and that complex of visions rhetorics and ideologies known as the bible as such the book is less about the meaning s of the bible than about the bible and meaning s less about the world s of the bible than about how worlds and the bible interact in short about how a text constructs a people and a people constructs a text it is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general thus african americans and the bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed

## **Wanderings 1996**

the niv application commentary helps you communicate and apply biblical text effectively in today's context what can we know about the book of revelation what should we make of its visions of apocalyptic horsemen horns with faces flying angels and fantastic beasts most important what meaning does it hold for us here and now and how can we apply it to our lives craig s keener shares perspectives on revelation and helps us strengthen our hope in the future while living out our faith wisely in the present to bring the ancient messages of the bible into today's context each passage is treated in three sections original meaning concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context bridging contexts a bridge between the world of the bible and the world of today built by discerning what is timeless in the timely pages of the bible contemporary significance this section identifies comparable situations to those faced in the bible and explores relevant application of the biblical messages the author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved this unique award winning commentary is the ideal resource for today's preachers teachers and serious students of the bible giving them the tools ideas and insights they need to communicate god's word with the same powerful impact it had when it was first written

## **Religious Traditions of the World 1999-03-10**

corrington examines the image of the savior and the experience of salvation two concepts that are inextricably entwined the author asserts that christianity set aside female images of salvation by emphasizing the maleness of jesus she draws on solid knowledge of jewish and classical greek sources to show that the image of god could be seen as both male and female

## **What Did Jesus Look Like? 2018-02-08**

this book advances the interpretation of 1 corinthians by exploring the ways the apostle paul quoted or echoed jewish scriptures more indirectly in his letter identification of allusions are brought to the fore as are questions of the texture of paul's theology and his understanding of

scripture important topics in 1 corinthians addressed here include paul s use of the law monotheism christology wisdom and mystery language punishment of the incestuous man baptism for the dead eschatology and resurrection

## **A Preliminary Catalogue of Sarapis Monuments 1973**

who was paul what did he do what did he write walter f taylor sets out to bring together a wealth of contemporary perspectives in a clear and accessible synthesis bringing to bear on his subject the best of recent social scientific and cultural anthropological thinking on paul an appendix presents a clear summary of issues related to paul s thought on gender and sexuality

## **Revelation 2009-09-13**

in antikythera mechanism the story behind the genius of the greek computer and its demise evaggelos vallianatos historian and ecopolitical theorist shows that after the conquest of persia by alexander the great in the late fourth century bce the greeks especially in egypt reached unprecedented heights of achievements in science technology and civilization the antikythera mechanism an astronomical computer probably crafted in rhodes in the second century bce was proof of that prowess it s the grandfather of our computers greek sponge divers discovered the antikythera mechanism in 1900 on a 2 100 year old roman era shipwreck the hand powered device reveals a sophisticated greek technology previously unknown to scholars and historians not seen and understood again until the twentieth and twenty first centuries the book not only describes

how the sophisticated political and technological infrastructure of the greeks after alexander the great resulted in the antikythera celestial computer and the bedrock of science and technology we know today but also how the influence of christianity on greek civilization destroyed the nascent computer age of ancient greece vallianatos born in greece and educated in america is a historian author and journalist he is a passionate champion of greek culture and a well suited guide to this historical account vallianatos explains how and why greek scientists employed advanced engineering in translating the beautiful conception of the antikythera mechanism into an astronomical computer of genius a bronze geared device of mathematical astronomy predicting the eclipses of the sun and the moon calculating the risings and settings of important stars and constellations and the movements of the planets around the sun while mechanizing the predictions of scientific theories the computer s accurate calendar connected these cosmic phenomena to the olympics and other major panhellenic religious and athletic celebrations bringing the greeks closer to their gods traditions and the cosmos
