

Reading free Farewell to arms chapter questions and answers [PDF]

discusses the writing of a farewell to arms by ernest hemingway includes critical essays on the work and a brief biography of the author insight text guides a farewell to arms is designed to help secondary english students understand and analyse the text this comprehensive study guide to ernest hemingway s novel contains detailed character and chapter analysis and explores genre structure themes and language essay questions and sample answers help to prepare students for creating written responses to the text this book surveys the broad terrain covered by the concept of the security dilemma and points out landmarks along the route proceeding from proliferation to economic interests showing that the arms trade is built into development of both industrial technology and political competition chronicling the underappreciated black tradition of bearing arms for self defense this book presents an array of examples reaching back to the pre civil war era that demonstrate a willingness of african american men and women to use firearms when necessary to defend their families and communities from frederick douglass s advice to keep a good revolver handy as defense against slave catchers to the armed self protection of monroe north carolina blacks against the kkk chronicled in robert williams s negroes with guns it is clear that owning firearms was commonplace in the black community nicholas johnson points out that this story has been submerged because it is hard to reconcile with the dominant narrative of nonviolence during the civil rights era his book however resolves that tension by showing how the black tradition of arms maintained and demanded a critical distinction between private self defense and political violence johnson also addresses the unavoidable issue of young black men with guns and the toll that gun violence takes on many in the inner city he shows how complicated this issue is by highlighting the surprising diversity of views on gun ownership in the black community in fact recent supreme court affirmations of the right to bear arms resulted from cases led by black plaintiffs surprising and informative this well researched book strips away many stock assumptions of conventional wisdom on the issue of guns and the black freedom struggle the people in arms first published in 2002 is concerned with the mass mobilization of society for war it takes as its starting point the french levée en masse of 1793 which replaced former theories and regulations concerning the obligation of military service with a universal concept more encompassing in its moral claims than any that had prevailed under the ancien régime the levée en masse has accordingly gone down in history as a spontaneous free expression of the french people s ideals and enthusiasm it also became a crucial source for one of the most powerful organizing myths of modern politics that compulsory mass social mobilizations merely express and give effective form to the wishes or higher values of society and its members the aim of the papers presented here is to analyse and compare episodes in which this distinctive ideological configuration has played a leading role this book through pakistan india experience demonstrates an intimate relationship between political conflict and arms control it proves that several contributing political conflicts affect arms control in distinct ways importantly the combined effect of these

pertinent political conflicts claim greater influence over arms control processes the global arms trade is a timely comprehensive and in depth study of this topic a phenomenon which has continued to flourish despite the end of the cold war and the preoccupation with global terrorism after 11 september 2001 it provides a clear description and analysis of the demand for and supply of modern weapons systems and assess key issues of concern this book will be especially useful to scholars policy analysts those in the arms industry defence professionals students of international relations and security studies media professionals government officials and those generally interested in the arms trade the gap between the u s military and society has widened in recent years posing problems for the constitutional order the gap is especially acute in major universities arms and the university probes various dimensions of the tense relationship between the military and the university developing and applying a theory of civic and liberal education this book shows how some military presence on campus can contribute to the diversity of ideas and the education of all students

arms and warfare considers the impact of arms shipments on a conflict once it has begun using case studies the authors pinpoint the timing of arms transfers and then assess the influence of these deliveries this comprehensive research handbook examines the key drivers of the arms trade mapping the main trends in asia europe the middle east africa and latin america it also explores the principal defence markets internationally including the us china india russia and the uk in greater detail the second edition incorporates new material relevant to issues in the political debates of today it is organized around a series of enduring provocative political questions it features the works of twelve philosophers ranging in scope from antiquity to the present surgeon at arms continues the story of the much admired surgeon graham trevose who first appeared in the facemaker he is hailed for his surgical skills but his rather unorthodox private life begins to make him enemies in the rise and fall of this surgeon richard gordon presents the achievements and disappointments of the entire nation it is difficult to discover what are the exact sources from which spring the thrilling feelings of joy and satisfaction with which we look back to the days of our early youth and to the scenes in which our infancy was passed it matters not or at least very little what are the pleasures to which we have addicted ourselves in after years what are the delights that surround us what are the enjoyments which heaven has cast upon our lot whenever the mind either as a voluntary act or from accidental associations recalls by the art of memory the period of childhood and the things which surrounded it there comes over us a general gladdening sensation of pure and simple joys which we never taste again at any time of life it must be at least in part that the delights of those days were framed in innocence and ignorance of evil and that he who declared that of such as little children consisted the kingdom of heaven has allotted to the babes of this world in the brightness of their innocence joys similar to those of the world beyond joys that never cloy and that leave no regret what though some mortal tears will mix with those delights what though the flesh must suffer and the evil one will tempt yet the allotted pleasures have a zest which not even novelty alone can give and an imperishable purity in their nature which makes their remembrance sweeter than the fruition of other joys and speaks their origin from heaven i love to dwell upon such memories and to find likenesses for them in the course the aspect and the productions of the earth

itself i see the same sweetness and the same simplicity pervading the youth of all nature and find in the sweet violet the blue eyed child of spring an image of those early joys pure soft and calm and full of an odour that lasts upon the sense more than that of any other flower thus it is i suppose and for these causes that in looking back upon the days of my youth though those days were not as happy and as bright as they are to many people i feel a sweet satisfaction which i knew not at the actual time for those hours as one who gives a diamond to a child bestowed upon me a gift the value of which i knew not till many a year had passed away my first recollections refer to the period when i was about seven or eight years old and to a sweet spot in the far south of france called blancford not far from the great city of bordeaux the chateau in which i dwelt had belonged for ages to my ancestors and the little room in one of the turrets which was assigned to me looked towards the setting sun over manifold beautiful green slopes and wooded banks with now and then a broken cliffy bit of yellow ground that harmonized beautifully and richly with the warm tints of the spring and the autumn and broke not less pleasantly the thick green of the mid year upon those banks and trees and slopes the sunshine seemed to dwell with peculiar fondness and thither came the bright and smiling showers of spring and the rich vision like lights and shades of autumn gay hawking parties and many a splendid cavalcade from the rich and important town in the neighbourhood diversified the scenery during the bright part of the year and towards the winter time the beasts of the forest and the field used to resume their dwelling in the neighbouring woods and afford sport and diversion to the inhabitants of the castle everyone says kathleen monroe is perfect the perfect wife the perfect hostess the perfect mother but after a lifetime of practice kathleen is beginning to wonder if perfectionism is a good thing after all it didn t help her marriage and might just have led to her daughter s illness and if those aren t enough reasons for her to doubt her priorities then meeting logan carr should be a unique and indispensable work that serves both as a basic introduction to the disarmament scene and a reference book for experts disarmament times this compendium of the history and achievements of arms control and disarmament efforts is unique in its kind and is likely to remain so this for three reasons first because of its unparalleled comprehensiveness second because of the outstanding quality of its presentation and third because of its author jozef goldblat one of the world s leading experts in the field this triad makes the updated second edition of arms control the new guide to negotiations and agreements a must for all concerned with international security in general and arms control in particular curt gasteyger graduate institute of international studies geneva the thesaurus of arms regulation and disarmament a precious tool for negotiators and treaty makers ambassador v petrovsky former secretary general of the conference on disarmament being the most comprehensive and authoritative compilation and analysis of arms control agreements available this is an indispensable reference volume for students and practitioners of arms control and international security the author has spent a lifetime in the study and practice of international security affairs where international law and arms control agreements are concerned there is no one better qualified than him sverre lodgaard norwegian institute of international affairs oslo the revised and updated edition of arms control the new guide to negotiations and agreements contains the most authoritative and comprehensive survey ever published of the documents related to arms control all major agreements reached since the second half of the nineteenth century through to mid 2002 are critically analysed and assessed the assessment is made in the light of the

international security environment the developments in the field of weapon technology the threat of nuclear chemical and biological weapons proliferation and the efforts to strengthen the humanitarian law of armed conflict the accompanying cd rom reproduces full text and carefully selected excerpts of treaties conventions common understandings statutes charters binding decisions of international bodies final acts of international conferences exchanges of letters and diplomatic notes multilateral agreements are followed by a list of parties enriched with new maps tables and figures as well as an expanded glossary and bibliography the book will remain the definitive resource for students of international relations journalists diplomats and military strategists jozef goldblat the author is vice president of the geneva international peace research institute sipri resident senior fellow of the un institute for disarmament research unidir and associate editor of security dialogue published by sage for the international peace research institute oslo prio he has studied the problems of arms control since the 1950s and has been involved in arms control negotiations from 1969 to 1989 he directed the arms control and disarmament programme of studies at the stockholm international peace research institute sipri he has lectured at various universities and has written reports articles and books on the arms race and disarmament his latest publications include the nuclear non proliferation regime assessment and prospects the hague academy of international law 1997 and nuclear disarmament obstacles to banishing the bomb i b tauris 2000 wiggling a pencil so that it looks like it is made of rubber stealing your niece s nose and listening for the sounds of the ocean in a conch shell these are examples of folk illusions youthful play forms that trade on perceptual oddities in this groundbreaking study k brandon barker and claiborne rice argue that these easily overlooked instances of children s folklore offer an important avenue for studying perception and cognition in the contexts of social and embodied development folk illusions are traditionalized verbal and or physical actions that are performed with the intention of creating a phantasm for one or more participants using a cross disciplinary approach that combines the ethnographic methods of folklore with the empirical data of neuroscience cognitive science and psychology barker and rice catalogue over eighty discrete folk illusions while exploring the complexities of embodied perception taken together as a genre of folklore folk illusions show that people starting from a young age possess an awareness of the illusory tendencies of perceptual processes as well as an awareness that the distinctions between illusion and reality are always communally formed anthropologists in arms looks at the moral and ethical debates surrounding the recent development of military anthropology particularly the practice of embedding anthropologists with combat troops in iraq and afghanistan lucas traces the troubled history of social scientists collaborating with national military security and intelligence organizations and shows how these complex and frequently misunderstood historical concerns contribute to the contemporary moral controversy he gives special attention to the human terrain systems project developed by the u s army under the direction of general david petraeus although this project has been criticized as unethical by academic anthropologists in the u s and the u k lucas shows that the moral status of that program is much more ambiguous than these blanket criticisms would suggest anthropologists in arms concludes with a call for a thorough review of hts itself and suggests alternative strategies for providing anthropological knowledge to military forces engaged in irregular warfare knowledge that might in turn help military forces to ameliorate the suffering imposed on noncombatants while respecting the privacy security and human rights of

indigenous populations this ground breaking book offers an extensive legal analysis grounded in public eu and international law of arms trade regulation integrated with insights drawn from international relations the sale of weapons and related technologies is globally one of the most politically controversial and ethically contentious forms of commerce intimately connected with sustaining repressive governments and violations of international human rights and humanitarian law arms exports are also a central element in the economic and strategic policies of the governments of all large industrial states they have also been the source of abundant corruption and of serious challenges to the norms and effectiveness of constitutional accountability in democratic states on paper the arms trade is heavily regulated national legislation and international treaties are in place which purport to prohibit certain transactions and limit others yet despite its importance legal and international relations scholarship on the subject has been surprisingly limited this book fills this gap in the literature by examining and comparing the export control regimes of eight leading nations usa russia the uk france germany sweden china and india with chapters contributed by leading experts in the field of law and international relations strike fast strike hard whether it s scoring a homerun or front page news diane k shah former sports columnist knows how to grab the best story in her memoir a farewell to arms legs and jockstraps follow diane s escapades from interviews with a tipsy mickey mantle to sneaking into off limits republican galas dining with frank sinatra flying a plane with dennis quaid and countless other adventures where she wields her tape recorder and a tireless drive for more from skirting kgb agents while covering the cold war olympics to hunting down the three mechanical sharks starring in jaws diane s experiences are filled with real heart and a tongue in cheek attitude an insightful look into the difficulties of navigating a male dominated profession a farewell to arms legs and jockstraps offers rich retellings and behind the scenes details of stories of a trail blazing career and the prejudices facing female sportswriters during the 60s and 70s this insightful book analyses the issue of norm erosion in international law by examining arms transfers to non state actors balancing empirical research with legal theory the author dissects recent case studies tracing individual changes in norms against a background of systemic transformation years after 9 11 the global war on terror is still not over the deepening crisis in iraq has been accompanied by rising violence in asia as the bombings in indonesia show the 18 specialists and policymakers who have contributed to this book assess how the security scenario in the asia pacific has changed in response to these events the asia pacific is rent by communal conflicts that have generated local jihads which fuel regional and global jihads this book assesses state responses to terrorism paying attention to neglected factors such as money laundering the emerging role of the eu the growing fear of the us and increasing concern about the way anti terrorist legislation curtails civil liberties with the benefit of extensive fieldwork and access to unique sources in many languages the contributors analyze key features of the local security scenarios pakistan s precarious situation is explored here from many angles including islamic militancy the role of the military and the peace process with india again domestic failures support regional and global terror regional anti terrorist collaboration is also hampered by south east asia s counter terrorism dilemmas setbacks in the philippine us security relationship the asian arms race and growing fears of the us national missile defence system and how this system will be perceived by china the history of state sponsored terrorism and millenarian ideology are crucial to these regional scenarios the latter in the particular form of japan s aum

shinrikyo movement reminds us that militant islamists are not uniquely destructive an important addition to the literature on terrorism and security this in depth and comprehensive analysis of a complex and increasingly unstable region will be welcomed by political scientists scholars policymakers and those seeking a better understanding of whether the global war on terror has changed the security architecture of the asia pacific in a positive way the united nations arms trade treaty became binding international law in late 2014 and although the text of the treaty is a relatively concise framework for assessing whether to authorize or deny proposed conventional weapons transfers by states parties there exists controversy as to the meaning of certain key provisions furthermore the treaty requires a national regulatory body to authorize proposed transfers of conventional weapons covered by the treaty but does not detail how such a body should be established and how it should effectively function the arms trade treaty a commentary explains in detail each of the treaty provisions the parameters for prohibitions or the denial of transfers international cooperation and assistance and implementation obligations and mechanisms as states ratify and implement the treaty over the next few years the commentary provides invaluable guidance to government officials commentators and scholars on the meaning of its contentious provisions this volume describes in detail which weapons are covered by the treaty and explains the different forms of transfer that the arms trade treaty regulates it covers international human rights trade disarmament humanitarian law criminal law and state to state use of force as well as the application of the treaty to non state actors why do soldiers fight what keeps them going what compels them to face death when their long time comrades have fallen around them strangers in arms addresses these questions in a groundbreaking study of the behaviour morale and motivations of canadian infantrymen on the front lines of the second world war canada s army has long faced intense criticism for its combat performance during the war and canada s official history has presented canadian soldiers as deficient inexperienced and unprepared in comparison with their enemies questioning entrenched views robert engen explores a trove of contemporaneous documents to create a remarkable new portrait of canadians at war rather than the popular band of brothers image of soldier cohesion in battle he finds staggering casualty rates and personnel turmoil that left canadian infantrymen often working with and fighting beside men they hardly knew yet these strangers in arms continued to fight effectively and in good spirits against a tenacious and deadly enemy triumphing in the face of heartrending loss and sacrifice challenging old narratives about the canadian soldier and supported by cutting edge empirical and qualitative research strangers in arms crafts a new understanding of what happens at the sharp end of battle this book examines how modernizing german speaking cultures undergoing their own processes of identification responded to the narcissistic threat posed by the continued persistence of judentum judaism jewry jewishness by representing the jew s body or rather parts of that body and the techniques performed upon them such fetish producing practices reveal the question of german identified modernity to be inseparable from the jewish question but jewish identified individuals immersed in the phantasmagoria of such figurations in the gutter and garret salon medical treatise and dirty joke tabloid caricature and literary depiction church fa ade and bric a brac souvenir had their own question another jewish question they also had other answers for these physiognomic fragments not only identified the jew but also became for some jewish identified individuals the building blocks for working through their particular situations and relaying their diverse

responses the other jewish question maps the dissemination of and interrelationships among these corporeal signifiers in germanophone cultures between the enlightenment and the shoah its analyses of ascribed jewish physiognomy include tracing the gendered trajectory of the reception of benedict spinoza s correlation of jewish persistence anti semitism and circumcision the role of zopf braid in mediating german gentile jewish relations the skin ny on the association of jews and syphilis in arthur dinter s antisemitic bestseller sin against the blood and adolf hitler s mein kampf as well as the role of jewish corporeality in the works of such jewish identified authors as rahel levin varnhagen heinrich heine karl marx max nordau franz kafka and walter benjamin as well as such jew identifying writers as ludwig feuerbach and daniel paul schreber the other jewish question portrays how jewish identified individuals moved beyond introjection and disavowal to appropriate and transform this epidemic of signification to make sense of their worlds and our modernity the right to bear arms and the wisdom of doing so is intended to present a cohesive argument for 1 the right of the average citizen to go armed for the protection of self family friends and others and 2 the advantage of an armed populace these arguments are based on the research of leading legal experts historians economists criminologists and statisticians the development of new pharmaceutical products and behavioral interventions aimed at improving people s health as well as research that assesses the efficacy and cost effectiveness of public policies such as policies designed to improve children s education or reduce poverty depends on research conducted with human participants it is imperative that research with human subjects is conducted in accordance with sound ethical principles and regulatory requirements featuring 45 original essays by leading research ethicists the oxford handbook of research ethics offers a critical overview of the ethics of human subjects research within multiple disciplines and fields including biomedicine public health psychiatry sociology political science and public policy

2018-02-19

this book surveys the broad terrain covered by the concept of the security dilemma and points out landmarks along the route proceeding from proliferation to economic interests showing that the arms trade is built into development of both industrial technology and political competition

Negroes and the Gun

2014-01-14

chronicling the underappreciated black tradition of bearing arms for self defense this book presents an array of examples reaching back to the pre civil war era that demonstrate a willingness of african american men and women to use firearms when necessary to defend their families and communities from frederick douglass s advice to keep a good revolver handy as defense against slave catchers to the armed self protection of monroe north carolina blacks against the kkk chronicled in robert williams s negroes with guns it is clear that owning firearms was commonplace in the black community nicholas johnson points out that this story has been submerged because it is hard to reconcile with the dominant narrative of nonviolence during the civil rights era his book however resolves that tension by showing how the black tradition of arms maintained and demanded a critical distinction between private self defense and political violence johnson also addresses the unavoidable issue of young black men with guns and the toll that gun violence takes on many in the inner city he shows how complicated this issue is by highlighting the surprising diversity of views on gun ownership in the black community in fact recent supreme court affirmations of the right to bear arms resulted from cases led by black plaintiffs surprising and informative this well researched book strips away many stock assumptions of conventional wisdom on the issue of guns and the black freedom struggle

The People in Arms

2003

the people in arms first published in 2002 is concerned with the mass mobilization of society for war it takes as its starting point the french levée en masse of 1793 which replaced former theories and regulations concerning the obligation of military service with a universal concept more encompassing in its moral claims than any that had prevailed under the ancien régime the levée en masse has accordingly gone down in history as a spontaneous free expression of the french people s ideals and enthusiasm it also became a crucial source for one of the most powerful organizing myths of modern politics that compulsory mass social mobilizations merely express and give effective form to the wishes or higher values of society and its members the aim of the papers presented here is to analyse and compare episodes in which this distinctive ideological configuration has played a leading role

Political Conflict and Arms Control

The Story of the Civil War

1895

wiggling a pencil so that it looks like it is made of rubber stealing your niece s nose and listening for the sounds of the ocean in a conch shell these are examples of folk illusions youthful play forms that trade on perceptual oddities in this groundbreaking study k brandon barker and claiborne rice argue that these easily overlooked instances of children s folklore offer an

important avenue for studying perception and cognition in the contexts of social and embodied development folk illusions are traditionalized verbal and or physical actions that are performed with the intention of creating a phantasm for one or more participants using a cross disciplinary approach that combines the ethnographic methods of folklore with the empirical data of neuroscience cognitive science and psychology barker and rice catalogue over eighty discrete folk illusions while exploring the complexities of embodied perception taken together as a genre of folklore folk illusions show that people starting from a young age possess an awareness of the illusory tendencies of perceptual processes as well as an awareness that the distinctions between illusion and reality are always communally formed

Surgeon At Arms

2014-07-01

anthropologists in arms looks at the moral and ethical debates surrounding the recent development of military anthropology particularly the practice of embedding anthropologists with combat troops in iraq and afghanistan lucas traces the troubled history of social scientists collaborating with national military security and intelligence organizations and shows how these complex and frequently misunderstood historical concerns contribute to the contemporary moral controversy he gives special attention to the human terrain systems project developed by the u s army under the direction of general david Petraeus although this project has been criticized as unethical by academic anthropologists in the u s and the u k lucas shows that the moral status of that program is much more ambiguous than these blanket criticisms would suggest anthropologists in arms concludes with a call for a thorough review of hts itself and suggests alternative strategies for providing anthropological knowledge to military forces engaged in irregular warfare knowledge that might in turn help military forces to ameliorate the suffering imposed on noncombatants while respecting the privacy security and human rights of indigenous populations

The Man-at-Arms: Henry De Cerons

2020-09-28

this ground breaking book offers an extensive legal analysis grounded in public eu and international law of arms trade regulation integrated with insights drawn from international relations the sale of weapons and related technologies is globally one of the most politically controversial and ethically contentious forms of commerce intimately connected with sustaining

repressive governments and violations of international human rights and humanitarian law arms exports are also a central element in the economic and strategic policies of the governments of all large industrial states they have also been the source of abundant corruption and of serious challenges to the norms and effectiveness of constitutional accountability in democratic states on paper the arms trade is heavily regulated national legislation and international treaties are in place which purport to prohibit certain transactions and limit others yet despite its importance legal and international relations scholarship on the subject has been surprisingly limited this book fills this gap in the literature by examining and comparing the export control regimes of eight leading nations usa russia the uk france germany sweden china and india with chapters contributed by leading experts in the field of law and international relations

The Freemasons' Magazine and Masonic Mirror

1869

strike fast strike hard whether it s scoring a homerun or front page news diane k shah former sports columnist knows how to grab the best story in her memoir a farewell to arms legs and jockstraps follow diane s escapades from interviews with a tipsy mickey mantle to sneaking into off limits republican galas dining with frank sinatra flying a plane with dennis quaid and countless other adventures where she wields her tape recorder and a tireless drive for more from skirting kgb agents while covering the cold war olympics to hunting down the three mechanical sharks starring in jaws diane s experiences are filled with real heart and a tongue in cheek attitude an insightful look into the difficulties of navigating a male dominated profession a farewell to arms legs and jockstraps offers rich retellings and behind the scenes details of stories of a trail blazing career and the prejudices facing female sportswriters during the 60s and 70s

With Open Arms

2011

this insightful book analyses the issue of norm erosion in international law by examining arms transfers to non state actors balancing empirical research with legal theory the author dissects recent case studies tracing individual changes in norms against a background of systemic transformation

Arms Control

2002-09-24

years after 9 11 the global war on terror is still not over the deepening crisis in iraq has been accompanied by rising violence in asia as the bombings in indonesia show the 18 specialists and policymakers who have contributed to this book assess how the security scenario in the asia pacific has changed in response to these events the asia pacific is rent by communal conflicts that have generated local jihads which fuel regional and global jihads this book assesses state responses to terrorism paying attention to neglected factors such as money laundering the emerging role of the eu the growing fear of the us and increasing concern about the way anti terrorist legislation curtails civil liberties with the benefit of extensive fieldwork and access to unique sources in many languages the contributors analyze key features of the local security scenarios pakistan s precarious situation is explored here from many angles including islamic militancy the role of the military and the peace process with india again domestic failures support regional and global terror regional anti terrorist collaboration is also hampered by south east asia s counter terrorism dilemmas setbacks in the philippine us security relationship the asian arms race and growing fears of the us national missile defence system and how this system will be perceived by china the history of state sponsored terrorism and millenarian ideology are crucial to these regional scenarios the latter in the particular form of japan s aum shinrikyo movement reminds us that militant islamists are not uniquely destructive an important addition to the literature on terrorism and security this in depth and comprehensive analysis of a complex and increasingly unstable region will be welcomed by political scientists scholars policymakers and those seeking a better understanding of whether the global war on terror has changed the security architecture of the asia pacific in a positive way

Folk Illusions

2019-04-22

the united nations arms trade treaty became binding international law in late 2014 and although the text of the treaty is a relatively concise framework for assessing whether to authorize or deny proposed conventional weapons transfers by states parties there exists controversy as to the meaning of certain key provisions furthermore the treaty requires a national regulatory body to authorize proposed transfers of conventional weapons covered by the treaty but does not detail how such a body should be established and how it should effectively

function the arms trade treaty a commentary explains in detail each of the treaty provisions the parameters for prohibitions or the denial of transfers international cooperation and assistance and implementation obligations and mechanisms as states ratify and implement the treaty over the next few years the commentary provides invaluable guidance to government officials commentators and scholars on the meaning of its contentious provisions this volume describes in detail which weapons are covered by the treaty and explains the different forms of transfer that the arms trade treaty regulates it covers international human rights trade disarmament humanitarian law criminal law and state to state use of force as well as the application of the treaty to non state actors

Anthropologists in Arms

2009

why do soldiers fight what keeps them going what compels them to face death when their long time comrades have fallen around them strangers in arms addresses these questions in a groundbreaking study of the behaviour morale and motivations of canadian infantrymen on the front lines of the second world war canada s army has long faced intense criticism for its combat performance during the war and canada s official history has presented canadian soldiers as deficient inexperienced and unprepared in comparison with their enemies questioning entrenched views robert engen explores a trove of contemporaneous documents to create a remarkable new portrait of canadians at war rather than the popular band of brothers image of soldier cohesion in battle he finds staggering casualty rates and personnel turmoil that left canadian infantrymen often working with and fighting beside men they hardly knew yet these strangers in arms continued to fight effectively and in good spirits against a tenacious and deadly enemy triumphing in the face of heartrending loss and sacrifice challenging old narratives about the canadian soldier and supported by cutting edge empirical and qualitative research strangers in arms crafts a new understanding of what happens at the sharp end of battle
