Nationalism and the Crowd in Liberal Hungary, 1848-1914 2000-07-17

audiences at theaters fairs statue raisings and commemorations of national figures political rallies ethnic mobs may day celebrations monarchical festivities and finally war rallies all take up places in this history not only insurgent crowds but festive ones as well have political and material goals freifeld finds and hope for liberal nationalism which hungarian crowds carried from their experience of 1848 thus continued to confront the monarchy its bureaucracy and the gentry

Defensive Nationalism 2023-05-09

a stunningly novel account of why populism and fascism are on the rise in the early 21st century today we find in the most technologically advanced societies wild conspiracy theories and a broad distrust of science and expertise have created deep political divisions that are splitting nations in two defensive nationalism explains this paradox using history as a guide b s rabinowitz finds that the turn of the 19th century was also a period of exceptional technological innovation that ended with toxic political upheavals to investigate why the author combines karl polanyi s concept of the double movement with joseph schumpeter s theory of innovation weaving together a fascinating narrative that spans two centuries the book traces how the rapid transformation of transportation and communications during the industrial revolution and the digital revolution created economic interdependence and capital flows that induced radical economic social and political disruptions in response separate national populist movements stemming from particular national histories and struggles arose concurrently to produce an era of defensive nationalism distinguishing between creative consolidating and defensive nationalism rabinowitz offers a persuasively fresh way to study socio political patterns across time and space

The Truths and Lies of Nationalism as Narrated by Charvak 2022-03-01

written in the voice of the mythical atheist naysayer and general all purpose heretic of indian philosophy the truths and lies of nationalism as narrated by charvak presents a completely new way of telling the history of indian nationalism severely criticizing the doctrines of both hindu nationalism and pluralist secularism it examines the ongoing

debates over indian civilization and recounts in detail how the present borders of india were defined by british colonial policy the partition of 1947 and the integration of the princely states and the french and portuguese territories the emphasis is not so much on the state machinery inherited from colonial times but on the moral foundation of a new republic based on the solidarity of different but equal formations of the people after a trenchant critique of the present day conflicts over religion caste class gender language and region in india the book proposes a new politics of revitalized federalism intended for a general readership and eschewing academic jargon this book will be of interest to anyone concerned about the future of india

Steamship Nationalism 2020-04-15

steamship nationalism is a cultural social and political history of the s s imperator vaterland and bismarck transatlantic passenger steamships launched by the hamburg amerikanische packetfahrt aktien gesellschaft hapag between 1912 and 1914 they do not enjoy the international fame of their british counterparts most notably the titanic yet the imperator class liners were the largest most luxurious passenger vessels built before the first world war in keeping with the often overlooked history of its merchant marine as a whole they reveal much about imperial germany in its national and international dimensions as products of business decisions shaped by global dynamics and the imperatives of international travel immigration and trade hapag s giant liners bear witness to germany s involvement in the processes of globalization prior to 1914 yet this book focuses not on their physical but on their cultural construction in a variety of contemporaneous media including the press and advertising on both sides of the atlantic at home they were presented to the public as symbolic of the nation s achievements and ambitions in ways that emphasize the complex nature of german national identity at the time abroad they were often construed as floating national monuments and as such facilitated important encounters with germany both virtual and real for the populations of britain and america their overseas reception highlights the multi faceted image of the european superpower that was constructed in the anglo american world in these years more generally it is a pointed indicator of the complex relationship between britain the united states and imperial germany

the emergence of revolutionary irish nationalism in the mid nineteenth century

Chinese Martial Arts Cinema 2015-11-13

this is the first comprehensive fully researched account of the historical and contemporary development of the traditional martial arts genre in the chinese cinema known as wuxia literal translation martial chivalry a genre which audiences around the world became familiar with through the phenomenal crossover hit crouching tiger hidden dragon 2000 the book unveils rich layers of the wuxia tradition as it developed in the early shanghai cinema in the late 1920s and from the 1950s onwards in the hong kong and taiwan film industries key attractions of the book are analyses of the history of the tradition as it began in the shanghai cinema its rise and popularity as a serialized form in the silent cinema of the late 1920s and its eventual prohibition by the government in 1931 the fantastic characteristics of the genre their relationship with folklore myth and religion and their similarities and differences with the kung fu sub genre of martial arts cinema the protagonists and heroes of the genre in particular the figure of the female knight errant the chief personalities and masterpieces of the genre directors such as king hu chu yuan zhang che ang lee zhang yimou and films such as come drink with me 1966 the one armed swordsman 1967 a touch of zen 1970 71 hero 2002 house of flying daggers 2004 and curse of the golden flower 2006

Hearings, Reports and Prints of the Senate Committee on the Judiciary 1970

evolving nationalism examines how the idea of israel as a nation state has developed within zionist and israeli discourse over the past eight decades nadav g shelef focuses on the changing ways in which the main nationalist movements answered three distinct questions in their private and public ideological articulations between 1925 and 2005 where is the land of israel who ought to be israeli what should the zionist national mission be framed within broader debates about how and why changes in foundational definitions of the nation occur shelef s analysis centers on the mechanisms of ideological change and then subjects them to empirical scrutiny he thus moves beyond the common but problematic assumptions that such transformations must be either a rare rational adaptation to traumatic shock or a relatively constant product of

manipulation by power hungry elites he finds that nationalist movements including radical and religious fundamentalist ones can and do change cardinal components of their ideological beliefs in both moderating and radicalizing directions these changes have more to do with the unguided consequences of engagement in day to day politics than with strategic reaction to new realities the use of force or the changing incentives of leaders engaging with some of the most contentious debates about the nature of israeli nationalism and the geographic religious and ethnic definition of the state of israel shelef has made signal contributions to our understanding of middle east politics and of the ideological underpinnings of nationalism itself

Evolving Nationalism 2018-09-05

in this book two leading authorities on migration and nationhood attempt to bridge the gap between experience and analysis looking at the disorientating effects of space and time which migration creates how migration affects our understanding of national affiliations and the nation state the impact of cross national economic relations on everyday life the authors examine the migration of both rich and poor crossing borders and living increasingly diasporic lives and show how even as people move across borders they still seek to be at home in the world through the creation of a politics of belonging

Extent of Subversion in the "New Left" 1970

this book traces the engagement of women with nationalism in a relatively lesser known region the united provinces or uttar pradesh as it is known today

Extent of Subversion in the "New Left" 1970

sam haselby offers a new and persuasive account of the role of religion in the formation of american nationality showing how a contest within protestantism reshaped american political culture and led to the creation of an enduring religious nationalism following u s independence the new republic faced vital challenges including a vast and unique continental colonization project undertaken without in the centuries old european senses of the terms either a church or a state amid this crisis two distinct protestant movements arose a popular and rambunctious frontier revivalism and a nationalist corporate missionary movement dominated by northeastern elites the former heralded the birth of popular american protestantism while the latter marked the advent of

systematic protestant missionary activity in the west the explosive economic and territorial growth in the early american republic and the complexity of its political life gave both movements opportunities for innovation and influence this book explores the competition between them in relation to major contemporary developments political democratization large scale immigration and unruly migration fears of political disintegration the rise of american capitalism and american slavery and the need to nationalize the frontier haselby traces these developments from before the american revolution to the rise of andrew jackson his approach illuminates important changes in american history including the decline of religious distinctions and the rise of racial ones how and why indian removal happened when it did and with andrew jackson the appearance of the first full blown expression of american religious nationalism

Trans-Nationalism and the Politics of Belonging **2013-10-11**

the new nationalism implications for transatlantic relations is a collection of papers that examines the effects of transatlantic relations along with the concept of new nationalism the first chapter of the text provides an introductory discourse about new nationalism while the second chapter provides a further analysis in the concept of new nationalism the next chapters deal with new nationalism and how it relates to external policies the remaining chapter tackles the relationship between new nationalism and sub national regionalism the book will be of great interest to economists political scientists and diplomats individuals who have keen interest in the global diplomatic trend will also benefit from the text

Indian Women and Nationalism, the U.P. Story **2003**

this magisterial work links the literary and intellectual history of england scotland ireland and britain s overseas colonies during the late eighteenth and early nineteenth centuries to redraw our picture of the origins of cultural nationalism the lineages of the novel and the literary history of the english speaking world katie trumpener recovers and recontextualizes a vast body of fiction to describe the history of the novel during a period of formal experimentation and political engagement between its eighteenth century rise and its victorian heyday during the late eighteenth century antiquaries in ireland scotland and

wales answered modernization and anglicization initiatives with nationalist arguments for cultural preservation responding in particular to enlightenment dismissals of gaelic oral traditions they reconceived national and literary history under the sign of the bard their pathbreaking models of national and literary history their new way of reading national landscapes and their debates about tradition and cultural transmission shaped a succession of new novelistic genres from gothic and sentimental fiction to the national tale and the historical novel in ireland and scotland these genres were used to mount nationalist arguments for cultural specificity and against internal colonization yet once exported throughout the nascent british empire they also formed the basis of the first colonial fiction of canada australia and british india used not only to attack imperialism but to justify the imperial project literary forms intended to shore up national memory paradoxically become the means of buttressing imperial ideology and enforcing imperial amnesia

an authoritative survey of scottish social and political history from 1707 to the present day this fourth edition brings the story and historiography of scottish society and politics up to date

Resources in Education 1985

this is a lively and well written textbook which will prove a valuable addition to the ir textbook series mainly because the ideas it covers have changed so fundamentally in the last ten years nationalism and ethnicity are uniquely considered within the context of both traditional ir theory and new ir ie cold war perspectives joireman explains the conflict between primordialism the view that ethnicity is inborn and ethnic division natural instrumentalism ethnicity is a tool to gain some

larger typically material end and social constructivism the emerging consensus that ethnicity is flexible and people can make choices about how they define themselves case studies are included on quebec bosnia northern ireland and eritrea

Steamboats & Cotton Economy 1990

turkey has leapt to international prominence as an economic and political powerhouse under its elected muslim government and is looked on by many as a model for other muslim countries in the wake of the arab spring in this book jenny white reveals how turkish national identity and the meanings of islam and secularism have undergone radical changes in today s turkey and asks whether the turkish model should be viewed as a success story or a cautionary tale this provocative book traces how muslim nationalists blur the line between the secular and the islamic supporting globalization and political liberalism yet remaining mired in authoritarianism intolerance and cultural norms hostile to minorities and women in a new afterword white analyzes the latest political developments particularly the mass protests surrounding gezi park their impact on turkish political culture and what they mean for the future

Bardic Nationalism 2021-01-12

since its discovery by german romantics and nationalists rothenburg has been an established icon of the german nation and its medieval past by tracing rothenburg s historical development as a place of national importance this book examines the cultural politics of historical preservation and tourism in general in exploring the shifting practice and importance of tourism in rothenburg and how this relates to broader debates about german culture and identity preservation tourism and nationalism offers an important and original perspective on the changing dynamics of romanticized historical landscapes and how events are used to further national cultural and political agendas it also analyses the changing practices of historical preservation and in particular how historic preservation in rothenburg reflects a desire to make it more historic and more german with important insights into what it means to be german how germans relate to the past and how the answers to these questions have changed over time this richly illustrated and detailed volume offers an important narrative of the rise evolution and contestation of memory in german culture

The Rise of African Nationalism in South Africa 1970

Canon Sheehan's writings provide valuable insight into Ireland's difficult process of cultural reconstruction after independence. This astute observer of Irish society was pessimistic about the future of religion. Though himself a man of European culture, he made a case for isolationism to become reality under the Free State. It is a case which today is easily scorned, but his work allows us to understand why it could command such support and to appreciate its relative historical justification.

Scotland and Nationalism 2004

For the last 150 years, advertising has created a consumer culture in the United States, shaping every facet of American life from what we eat and drink to the clothes we wear and the cars we drive. In the United States, advertising has carved out an essential place in American culture, and advertising messages undoubtedly play a significant role in determining how people interpret the world around them. This three-volume set examines the myriad ways that advertising has influenced many aspects of 20th-century American society, such as popular culture, politics, and the economy. Advertising not only played a critical role in selling goods to an eager public but it also served to establish the now world-renowned consumer culture of our country and fuel the notion of the American Dream. The collection spotlights the most important advertising campaigns, brands, and companies in American history from the late 1800s to modern day. Each fact-driven essay provides insight and in-depth analysis that general readers will find fascinating, as well as historical details and contextual nuance. Students and researchers will greatly appreciate these volumes, which demonstrate why advertising is absolutely necessary not only for companies behind the messaging but also in defining what it means to be an American.

Nationalism and Political Identity 2003-01-01

From one of the most perceptive observers of the English today comes a brilliantly insightful, mordantly funny account of their seemingly irrational embrace of nationalism. England's recent lurch to the right appears to be but one example of the nationalist wave sweeping across the world. Yet, as acclaimed Irish critic Fintan O'Toole suggests in *The Politics of Pain*, it is in reality a phenomenon rooted in World War II. We

must look not to the vagaries of the European Union but instead far back to the end of the British Empire if we hope to understand our most fraternal ally and the royal mess in which the British now find themselves. O'Toole depicts a roiling nation that almost ludicrously dreams of a German invasion if only to get the blood going and that erupts in faux outrage over regulations on prawn flavored crisps. A sympathetic yet unsparing observer O'Toole asks how did a great nation bring itself to the point of such willful self-harm. His answer represents one of the most profound portraits of the English since Sarah Lyall's New York Times bestseller *The Anglo-Files*.

Muslim Nationalism and the New Turks 2014-04-27

This book propounds the thesis that it was the dysfunction of globalization and liberalism that prompted the rise of nationalism and populism. Recent developments in global affairs are challenging assumptions and the basis upon which international relations as a broad field of specialization and foreign policy analysis as a sub-field rests in a world that is changing in fundamental and irreversible ways. This book intervenes to enable an improved sense of understanding of these developments and what they mean for people, people, state, state, continent, continent, and global relations moving forward. The author shows anti-globalization and the growth of nationalism and populism have been particularly necessitated by the failures of liberalism and America's abdication from the world with reference to Brexit, the pandemic, the US 2020 elections, and consequent shifts in power with a focus on their respective impacts on Africa and Africa-Sino relations, particularly and developing countries more broadly. This book situates these discussions within a global context; it effectively illustrates the insufficiency of the West's soft power, especially as it is foisted or supposedly imposed on the rest of the world without regard to the demands of cultural relativity. Relevant to postgraduate students, researchers, and policymakers, this is a must-read within the fields of international relations and political economy.

Preservation, Tourism and Nationalism 2016-12-05

The six volumes that make up this unique set provide an extensive overview of colonialism in South East Asia. In the majority of cases, authors chosen were specialists writing about their individual areas of expertise and had first-hand experience in the region. Outline of contents: i imperialism before 1800, edited by Peter Borschberg; ii empire building in the nineteenth century; iii high imperialism; iv imperial

analyzes how fangyan local chinese languages or dialects were central to the creation of modern chinese nationalism

***We Are What We Sell* 2014-01-15**

while the role of the laity in the nationalist awakening is commonly recognized their part in the movement for religious renewal is usually minimized initiative on the part of the laity has been thought to have existed only outside the church where it remained a troubling and at times insurgent force clarke revises this picture of the role of the laity in church and community he examines the rich associational life of the laity which ranged from nationalist and fraternal associations independent of the church to devotional and philanthropic associations affiliated with the church associations both inside and outside the church fostered ethnic consciousness in different but complementary ways that resulted in a cultural consensus based on denominational loyalty through these associations lay men and women developed an institutional base for the activism and initiative that shaped both their church and their community clarke demonstrates that lay activists played a pivotal role in transforming the religious life of the community

Chicano Social Class, Assimilation, and Nationalism 1981

first published in 2001 this is volume x of the foreign policies of the great powers eleven part series and focuses on the policies of the united states from 1776 to 1914 it includes sections demonstrating the u s journey from internationalistic nationalism to nationalistic internationalism

***The Politics of Pain: Postwar England and the Rise of Nationalism* 2019-11-05**

glenford howe s social history of the soldiers of the british west indies regiment assesses the impact of world war one on west indian

history and reveals the true nature of military relations and the gradual decline in morale

Foreign Policy in the Age of Globalization, Populism and Nationalism 2021-06-25

this study examines the evolution of national and regional cultural and political identities in that northern region of france which borders belgium over the two centuries which followed the french revolution during that time the region was transformed by the development of the industrial economy population shifts war and occupation and numerous changes of political regime through an analysis of a wide range of issues including language regional and national political movements educational policy attitudes towards immigrants and the border the press trade unions and the church as well as the attitude of the french state the author questions traditional interpretations of the process of national assimilation in france at the same time he illustrates how the franco belgian border originally an arbitrary line through a culturally homogeneous region became not only a significant marker for the identity of the french flemish but a real cultural division timothy baycroft is lecturer in french history university of sheffield

South East Asia, Colonial History: Imperial decline: nationalism and the Japanese challenge (1920s-1940s) 2001

the rev james long was one of the most remarkable protestant missionaries working in india in the nineteenth century sent to calcutta at the age of 22 in 1840 he devoted his life to representing what he passionately believed were the best interests of the forgotten poor and oppressed among the bengali population long was a central figure in the indigo planting controversy of 1861 and suffered imprisonment as a result his memory is revered even today in modern india where his contribution to the development of bengali vernacular education literature history and sociology is highly regarded dr oddie has produced the first full length biography of rev long examining his work and activities in the context of his own background philosophy and motivation as well as the political and cultural climate of the day this book will add significantly to our knowledge of social movements in nineteenth century india and the colonial responses to them
